

## **ZONING CHANGE REVIEW SHEET**

**CASE:** C14-2010-0192

Martin/Valentine Residence

**Z. P. C. DATE:** 01/18/11

**ADDRESS:** 8116 Big View Drive

**AREA:** 1.066 Acres

**APPLICANTS:** Bonita Vista Trust  
(James Valentine, IV)

**AGENT:** Land Answers (Jim Whitliff)

**NEIGHBORHOOD PLAN AREA:** None

**CAPITOL VIEW:** No

**WATERSHED:** West Bull Creek

**T.I.A.:** No.

**HILL COUNTRY ROADWAY:** Nos

**DESIRED DEVELOPMENT ZONE:** No

**ZONING FROM:** I-LA – Interim Lake Austin Residence.

**ZONING TO:** SF-1, Single Family Residence, Large Lot

### **SUMMARY STAFF RECOMMENDATION:**

Staff recommends LA - Lake Austin Residence.

### **BASIS FOR RECOMMENDATION:**

- 1. Zoning should not constitute a grant of special privilege to an individual owner; Granting of the request should result in an equal treatment of similarly situated properties.*

The requested zoning would NOT be in keeping with the zoning on the other lots in this subdivision.

### **ZONING AND PLATTING COMMISSION RECOMMENDATION:**

The motion to approve staff's recommendation of LA zoning; was approved by Commissioner Gregory Bourgeois' motion, Commissioner Betty Baker second the motion on a vote of 5-1; Commissioner Donna Tiemann was absent with 1 vacancy on the commission.

### **DEPARTMENT COMMENTS:**

This tract of land was annexed by the City in 1982 into Limited Purpose jurisdiction. The property was disannexed in 1989 into the 2 Mile Extra Territorial Jurisdiction (ETJ) by Senate Bill 962. The property was annexed again into Limited Purpose jurisdiction in 2009. This lot was platted as part of the River Place Subdivision, Section 16 and the plat was recorded at the Travis County Courthouse on January 17th, 2001. The average lot size for all of the lots in the River Place Subdivision, Section 16 is 43,560 square feet, the minimum one acre of land needed to comply with the Lake Austin Residence (LA) zoning designation. The LA zoning designation is defined as follows:

“Lake Austin residence (LA) district is the designation for a low density single-family residential use on a lot that is a minimum of one acre and that is located 1,000 feet or less, measured horizontally, from the 492.8 foot topographic contour line on either side of Lake Austin.”

In 1983, the City initiated the Lake Austin Area Study under case number C14-83-003. The Lake Austin Area Study included over 270 properties and gave these properties the opportunity to adjust their interim or permanent zoning to either Lake Austin Residence (LA), Single Family Residence, Standard Lot (SF-2) or Single Family Residence (SF-3). The three lots zoned SF-2 on the other side of the lake were part of the Lake Austin Area Study and had their zoning designations changed to SF-2 due to the lots not containing an acre of land (see map) The subject property was not included in the study and remained undeveloped for years.

#### **EXISTING ZONING AND LAND USES:**

	<b>ZONING</b>	<b>LAND USES</b>
<b>SITE</b>	I-LA	Undeveloped
<b>NORTH</b>	I-LA	Single Family Residence
<b>SOUTH</b>	I-LA	Single Family Residence
<b>EAST</b>	I-LA	Single Family Residence
<b>WEST</b>	NA	Lake Austin

#### **CASE HISTORIES:**

<b>CASE NUMBER</b>	<b>REQUEST</b>	<b>PLANNING COMMISSION</b>	<b>CITY COUNCIL</b>
C14-83-003.236	From LA to SF-2	Approved SF-2 [Vote: 7-0]	Approved SF-2 [Vote: 7-0]
C14-83-003.198	From LA to SF-2	Approved SF-2 [Vote: 7-0]	Approved SF-2 [Vote: 7-0]

- Steiner Ranch Community Assoc.
- Apache Shores HOA
- Steiner Ranch Master Assoc.
- River Place Comm. Assoc.

#### **SCHOOLS:**

Riverplace Elementary School  
Canyon Ridge Middle School  
Leander High School

**ENVIRONMENTAL COMMENTS RECEIVED:**

1. The site is not located over the Edwards Aquifer Recharge Zone. The site is in the Lake Austin Watershed of the Colorado River Basin, and is classified as a Water Supply Rural Watershed by Chapter 25-8 of the City's Land Development Code. It is in the Drinking Water Protection Zone. Under the current watershed regulations, development or redevelopment on this site will be subject to the following impervious cover limits:

<i>Development Classification</i>	<i>% of Net Site Area</i>	<i>% NSA with Transfers</i>	<i>Allowable Density</i>
One or Two Family Residential	n/a	n/a	1 unit/2 acres net site area
Multifamily Residential	20%	25%	n/a
Commercial	20%	25%	n/a

2. Single family or duplex development within a Water Quality Transition Zone may not exceed a density of one unit per three acres, exclusive of land within a 100-year floodplain, and must have a minimum lot size of 2 acres.
3. Based upon the close proximity of the flood plain, offsite drainage should be calculated to determine whether transition zone exists within the project location. If transition zone is found to exist within the project area, allowable impervious cover within said zone shall be limited to 18%.
4. The site is located within the endangered species survey area and must comply with the requirements of Chapter 25-8 Endangered Species in conjunction with subdivision and/or site plan process.
5. Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.
6. Trees will likely be impacted with a proposed development associated with this rezoning case. Please be aware that an approved rezoning status does not eliminate a proposed development's requirements to meet the intent of the tree ordinances. If further explanation or specificity is needed, please contact the City Arborist at 974-1876. At this time, site specific information is unavailable regarding other vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.
7. Under current watershed regulations, development or redevelopment on this site will be subject to providing structural sedimentation and filtration basins with increased capture volume and 2 year detention.
8. At this time, no information has been provided as to whether this property has any preexisting approvals which would preempt current water quality or Code requirements.

**SITE PLAN COMMENTS RECEIVED:**

No comments on proposed SF-1 zoning.

**TRANSPORTATION COMMENTS RECEIVED:**

- TR1. No additional right-of-way is needed at this time.
- TR2. A traffic impact analysis was not required for this case because the traffic generated by the proposed zoning does not exceed the threshold of 2,000 vehicle trips per day. [LDC, 25-6-113]
- TR3. Existing Street Characteristics:

AUSTIN SURVEYORS

# RIVER PLACE SECTION 16

## Notes:

1. This property shall be developed and maintained in accordance with the "Second Amendment to Agreement Concerning Creation and Operation of River Place Municipal Utility District," executed on March 8, 1992, by and between the City of Austin, First River Place Reserve, Ltd. and River Place Municipal Utility District.
2. The property shall be developed and maintained in a manner which meets or exceeds the standards for landscaping set out in the City's Landscaping Ordinance. As codified in Section 13-7, Article III of the Land Development Code of the City of Austin, as amended from time to time, or as such landscaping standards may be carried forward into any comprehensive revision to the City Zoning Ordinance which may hereafter be adopted.
3. The property shall be developed and maintained in a manner which meets or exceeds the standards set out in Section 13-6 Article I of the Land Development Code of the City of Austin, as amended from time to time. All development within the district, including the routing and construction of infrastructure, shall comply with the applicable special watershed ordinances. The following additional provisions shall apply to the development of the property.
  - A. Erosion and sedimentation controls shall be provided for all development permitted after the date of this agreement in compliance with Section 13-7-14 of the LDC, as amended on October 17, 1991.
  - B. Water quality controls shall be provided for all streets and areas naturally draining to streets permitted for development after the date of this agreement in compliance with Section 13-7-18 of the LDC, as amended on October 17, 1991.
  - C. The impervious cover for all development permitted after the date of this agreement shall be restricted to land having a slope category of 0-25%. An exception from this limitation shall be made for public streets in conformance with City Ordinance #640301-0, Section 13-3-638 (Lake Austin Watershed Ordinance). With the exception of the 25% to 35% slope category, the impervious cover limits will conform to Ordinance #640301-G, Division 5, Part C (Lake Austin Watershed Ordinance).
4. Construction on the property shall be in compliance with the city's building code, including but not limited to any provisions thereof relating to construction in flood plains, the city's plumbing code and the city's electrical code, as revised from time to time. Inspection and approval of all construction by the city building inspection department for compliance with this plat note shall be required.
5. Any use of any portion of the property for a use or uses other than single family residential, cluster single family residential with not more than two units per structure, or duplex residential shall require site plan approval for such use(s) by the City Planning Commission in accordance with the site plan review procedures and the development standards prescribed by the city's Land Development Code, as codified in Title 13 of the 1981 Code of the City of Austin, as amended from time to time.
6. The erection and maintenance of billboards and signs on the property shall be consistent with the standards of Title 13 of the 1981 Code of the City of Austin, as amended from time to time.
7. Water saving devices are required in all structures prior to providing water or wastewater services to the structures, including but not limited to low flow shower heads, water conserving toilets and aerators on sink spouts.
8. All water and wastewater system improvements must be in accordance with the City of Austin water and wastewater system design criteria and specifications, State of Texas standards. All plans must be presented to the City of Austin Water and Wastewater Utility for review and approval. All construction must be inspected by the City of Austin.
9. Public sidewalks, built to City of Austin standards are required along the following streets and as shown by a dotted line on the plat in the street right-of-way: Big View Drive - both sides. These sidewalks shall be in place prior to the lot being occupied. Failure to construct the required sidewalks may result in the withholding of certificates of occupancy, building permits, or utility connections by the governing body.
10. The lots in this subdivision are subject to the Declaration of Covenants, Conditions and Restrictions as found in Volume 11479, Page 288 of the Real Property Records of Travis County, Texas.
11. This subdivision plat was approved and recorded before the construction and acceptance of streets and other subdivision improvements, pursuant to the terms of a subdivision construction agreement between the subdivision and the City of Austin dated Nov. 9, 2000. The subdivision is responsible for the construction of all streets and facilities needed to serve the lots within this subdivision. This responsibility may be assigned in accordance with the terms of that agreement. For the construction agreement pertaining to this subdivision, see separate instrument recorded in Document No. 20000-1717 of the Real Property Records of Travis County, Texas.
12. No objects, including but not limited to buildings, fences or landscaping shall be allowed in drainage easements except as approved by the City of Austin and Travis County.
13. All drainage easements on private property shall be maintained by the property owners or their assigns.
14. Property owners shall provide for access to drainage easements as may be necessary and shall not prohibit access by governmental authorities.
15. Four off-street parking spaces will be required for each unit in the subdivision that is served by a joint use driveway. Each off-street parking space shall be provided outside the limits of the emergency access easement.
16. A Travis County development permit is required prior to any site development.
17. Streets within this subdivision shall be constructed to City of Austin urban or alternate urban standards.
18. Lot 2 & 3, Block A of River Place Golf Course final plat (Book 103, Page 3 of the Plat Records of Travis County, Texas) is used to calculate total impervious cover requirements for River Place Section 16. A restrictive covenant recorded in Document No. \_\_\_\_\_ of the Official Records of Travis County, Texas allows \_\_\_\_\_ square feet of impervious cover from Lots 2 & 3, Block A of River Place Golf Course to be used for River Place Section 16.
19. Any city reviews, permits, approvals, or inspections required by these plat notes or necessary to evidence compliance herewith shall require the payment to the city of the standard fees for performance of same.
20. No lot will be occupied until the structure is connected to the River Place Municipal Utility District water and wastewater systems.
21. Austin Energy has the right to prune and/or remove trees, shrubbery and other obstructions to the extent necessary to keep the easements clear. Austin Energy will perform all tree work in compliance with Chapter 25-8 Subchapter B of the City of Austin Land Development Code.
22. The owner/developer of this subdivision/lot shall provide the Austin Energy with any easement and/or access required, in addition to those indicated, for the installation and ongoing maintenance of overhead and underground electric facilities. These easements and/or access are required to provide electric service to the building and will not be located so as to cause the site to be out of compliance with Chapter 25-8 of the City of Austin Land Development Code.
23. The owner shall be responsible for installation of temporary erosion control, revegetation and tree protection. In addition the owner shall be responsible for any tree pruning and tree removal that is within 10 feet of the centerline of the centerline of the overhead electrical facilities designed to provide electric service to this project. Austin Energy work shall also be included within the limits of construction of this project.
24. A variance to Sections 13-3-639, 13-3-640, 13-3-651, and 25-4-152 of the Land Development Code was granted by the Planning Commission on July 27, 1999.
25. This subdivision is exempt from the detention requirements per Section 1.2.2.E of the City of Austin Drainage Criteria Manual.
26. All finished floor elevations in this subdivision shall be 1.0 feet above the 100-year frequency flood level. The following minimum finished floor elevations are hereby set for the affected lots:
 

Lots 17 through 23, Block M	FFE 505.00
Lots 27 through 48, Block M	FFE 505.00
Lots 49 through 69, Block M	FFE 505.00

 No fill shall be placed or allowed to remain on these lots except by separate permit.
27. Lot 16, Block M shall be deeded to the owners of Lots 17 through 26 as a private community park.
28. Direct access to Big View Drive is restricted from Lots 18-25, Lots 47 & 48, and Lots 49-55 in Block M. These lots will utilize the joint use access, drainage and public utility easement as shown hereon. See also the instrument recorded in Document No. 20000-1717 of the Official Records of Travis County, Texas.
29. Parkland dedication requirements of the City of Austin Code are met by land dedication as per the Second Amendment to Agreement Concerning Creation and Operation of River Place Municipal Utility District, Article IX, Sec. D.(1).
30. The owner of this subdivision and his/her successors and assigns, assume responsibility for plans for construction of subdivision improvements which comply with applicable codes and requirements of the City of Austin. The owner understands and acknowledges that plot vacations or replatting may be required, at the owner's sole expense, if plans to construct this subdivision do not comply with such codes and requirements.
31. Access for Lots 17 and 26, Block M is restricted to Big View Drive.
32. The water quality easements shown are for the purpose of achieving compliance pursuant to Chapter 25-8 of the City Land Development Code. The use and maintenance of these easements are restricted by Sections 25-8-211 and 25-8-213 thereof.
33. Maintenance of water quality controls shall be according the City of Austin standards.
34. Erosion and sedimentation controls are required for all construction on each lot including single family and duplex construction pursuant to LDC Section 25-8-181 and the Environmental Criteria Manual.
35. Construction of this subdivision is subject to the terms and conditions of the Travis County Subdivision Construction Agreement as recorded in Document No. 20000-1717 of the Official Records of Travis County, Texas.

J. Raney

I, Dana DeBeauvoir, County Clerk of the Travis County Court, do hereby certify that the foregoing instrument of writing and its Certificate of authentication, was filed for record in my office on the 17 day of January, 2001, A.D., at 10:25 o'clock PM in the Official Public Records of said County, and State of Document No. 200100017.

TRAVIS

WITNESS MY HAND AND SEAL OF THE OFFICE OF THE COUNTY CLERK OF SAID COUNTY, the 17 day of January, 2001 A.D.

Dana DeBeauvoir, County Clerk, Travis County, Texas

D. Bazan  
Deputy  
D. Bazan

In approving this plot, the Commissioners Court of Travis County, Texas, assumes no obligation to build the streets, roads, or other public thoroughfares shown on this plot or any bridges or culverts in connection therewith. The building of all streets, roads and other public thoroughfares shown on this plot and all bridges and culverts necessary to be constructed or placed in such streets, roads or other public thoroughfares or in connection therewith is the responsibility of the owner and/or developer of the tract of land covered by this plot in accordance with plans and specifications prescribed by the Commissioners Court of Travis County Texas.

The Owners of the subdivision shall construct the subdivision's street and drainage improvements, "the improvements", to County Standards in order for the County to accept the public improvements for maintenance or to release fiscal security posted to secure private improvements. To secure this obligation, the Owner(s) must post fiscal security with the County in the amount of the estimated cost of the improvements. The Owner(s) obligation to construct the improvements to County Standards and to post the fiscal security to secure such construction is a continuing obligation binding on the owners and their successors and assigns until the public improvements have been accepted for maintenance by the County, or the private improvements have been constructed and are performing to County Standards.

The authorization of this plot by the Commissioners Court for filing or the subsequent acceptance for maintenance by Travis County, Texas, of roads and streets in the subdivision does not obligate the County to install Street name signs or erect traffic control signs, such as speed limit, stop signs, and yield signs which is considered to be part of the developers construction.

## FLOOD PLAIN NOTE:

The 100-year flood plain is contained within the drainage easements shown hereon. A portion of this tract is within the designated flood hazard area as shown on the Federal Flood Insurance Rate Map No. 48453C0290 E and 48453C0245 E, effective date June 16, 1993 for Travis County, Texas.
