

SECOND/THIRD READING SUMMARY SHEET

ZONING CASE NUMBER: C814-2008-0145 The Park Planned Unit Development

REQUEST:

Approve second/third readings of an ordinance amending Chapter 25-2 of the Austin City Code rezoning the property locally known as 801 Barton Springs Road (Town Lake/East Bouldin Creek Watershed) from commercial liquor sales – vertical mixed use building - neighborhood plan (CS-1-V-NP) combining district zoning to planned unit development – neighborhood plan (PUD) combining district zoning.

DEPARTMENT COMMENTS:

The conditions imposed by City Council on 1st reading have been incorporated into the ordinance and attachments.

OWNER/APPLICANT: Texas American Resources (David Honeycutt)

AGENT: Drenner & Golden Stuart Wolff, LLP (Michele Rogerson)

DATE OF FIRST READING: January 13, 2011, The public hearing was closed and the first reading of the ordinance for planned unit development neighborhood plan (PUD-NP) combining district zoning was approved on Council Member Riley's motion, Mayor Pro Tern Martinez' second on a 6-1 vote. Council Member Morrison voted nay. Direction was given to staff to send this case to the Design Commission for their input before the next Council meeting.

NEIGHBORHOOD PLAN AREA: Bouldin Creek

CAPITOL VIEW: No

WATERSHED: Town Lake/East Bouldin Creek

T.I.A.: No.

HILL COUNTRY ROADWAY: No

DESIRED DEVELOPMENT ZONE: Yes

ZONING FROM: CS-1-V-NP Commercial liquor sales–Vertical Mixed Use Building–Neighborhood Plan

ZONING TO: PUD-NP Planned Unit Development-Neighborhood Plan

SUMMARY STAFF RECOMMENDATION:

Staff recommends denial of Planned Unit Development – PUD. If the zoning is granted, then the applicant agrees to cost participate in pro-rata share for any traffic related improvements as identified by COA-Public Works Department, including an access study to evaluate driveway LOS for the project.

ENVIRONMENTAL BOARD RECOMMENDATION:

The Environmental Board at their regularly scheduled meeting on May 6th, 2009 voted to approve the Park Planned Unit Development.

WATERFRONT PLANNING ADVISORY BOARD RECOMMENDATION:

The Waterfront Planning and Advisory Board at their regularly scheduled meeting on February 8th, 2010 voted to send no recommendation to the Planning Commission on a three to three tie.

PLANNING COMMISSION RECOMMENDATION:

The motion to approve staff's recommendation to deny PUD-NP zoning; was approved by Commissioner Danette Chimenti's motion, Commissioner Sandra Kirk second the motion on a vote of 8-0; Commissioner Jay Reddy was absent.

DEPARTMENT COMMENTS:

The Planned Unit Development (PUD) district is the designation for a large or complex single or multi-use development that is planned as a single contiguous project and that is under unified control. The purpose of a PUD district designation is to preserve the natural environment, encourage high quality development and innovative design, and ensure adequate public facilities and services for development within a PUD. A PUD district designation provides greater design flexibility by permitting modifications of site development regulations. Development under the site development regulations applicable to a PUD must be superior to the development that would occur under conventional zoning and subdivision regulations. A PUD district must include at least 10 acres of land, unless the property is characterized by special circumstances, including unique topographic constraints.

The Park PUD is comprised of approximately 0.796 acres or 34,674 square feet of land. The applicant's original plan called for a single building, with a maximum height of one hundred and eighty feet (180') with three uses, those being first floor restaurant, mid level offices and upper floor residential. The applicant has since modified their request to a maximum height of ninety six feet (96') with two uses, those being first floor restaurant and mid to upper level offices.

The Bouldin Creek Neighborhood Plan states as one of its objectives that it wants to "maintain Barton Springs Road as a gateway boulevard that serves as a transition between Downtown Austin and the neighborhood". The Plan goes further to state that "buildings on the south side of Barton Springs Road should not exceed 60 ft. in height. The maximum height allowed by zoning on Barton Springs Road is currently 60 feet." There is one structure along Barton Springs Road that exceeds the current Plan recommended height of sixty feet (60'). This structure is located at the corner of Barton Springs Road and Bouldin Avenue, immediately to the west of this zoning request. This structure is nine (9) stories high with an architectural dome on top of the building for an overall height of approximately one hundred twenty feet (120'). This additional height was granted to the property by zoning case number C14-83-016. (see attached ordinance) This zoning case was approved in 1983, prior to the Waterfront Overlay and Compatibility Standards. The building to the east is five (5) stories or sixty feet (60') in height.

BASIS FOR RECOMMENDATION:

1. *The proposed zoning should be consistent with the purpose statement of the district sought.*

The Park PUD is comprised of approximately 0.796 acres or 34,674 square feet of land. The stated minimum area for a Planned Unit Development is ten acres. The requested Planned Unit Development (PUD) zoning district is not in keeping with the purpose statement for PUDs that they be a large or complex single or multi-use development that is planned as a single contiguous project and that is under unified control. The proposed development is a single office building with its only mixed use component being that of a restaurant on the ground floor.

PARKS COMMENTS RECIEVED:

Due to the proximity to parkland, PARD supports the existing zoning and Waterfront Overlay-Auditorium Shores, to ensure a high quality park experience and quality of life.

SITE PLAN COMMENTS RECEIVED:

The PUD must comply with Waterfront Overlay regulations.

OBJECTIVE 3.3: Maintain Barton Springs Road as a gateway boulevard that serves as a transition between Downtown Austin and the neighborhood.

Barton Springs Road is a gateway to both the Bouldin Creek Neighborhood and Downtown Austin. Because of its proximity to downtown, many of the buildings are much larger in scale than those in the rest of the neighborhood. The BCNPT recognizes the importance of this street to the City and the neighborhood, but would like to insure that it does not become an extension of downtown.

Action Item 39: Buildings on the south side of Barton Springs Road should not exceed 60 ft. in height. The maximum height allowed by zoning on Barton Springs Road is currently 60 feet. For those properties on Barton Springs Road between Bouldin Ave. and Dawson St., building height is limited to approximately 40 feet by compatibility standards. The BCNPT does not recommend adding additional height restrictions to these properties, but does recommend that no height variances or height compatibility waivers be granted. Lead Implementer: WPDR

Action Item 40: Consistent with the ROMA plan for the South Central Shore of Town Lake, limit the base height of buildings east of S. 1st to 60 feet. Some height bonuses could be permitted if the redevelopment requirements recommended in the ROMA plan are met. Lead Implementer: NPZD

Action Item 41: When implementing the ROMA plan for the South Central Shore of Town Lake, the City should continue to consult with the BCNPT to ensure that zoning and ordinance changes are consistent with the Neighborhood Plan. Lead Implementer: TPSD
