ZONING CHANGE REVIEW SHEET

CASE: C14-2010-0199 – C G & S Corral

Z.A.P. DATE: February 15, 2011
March 1, 2011
March 15, 2011
April 19, 2011

ADDRESS: 402 Corral Lane

OWNER: C G & S Construction, Inc.
(C. Wm. "Billy" Guerrero)

AGENT: Jim Bennett Consulting
(Jim Bennett)

ZONING FROM: SF-2

TO: CS-MU-CO

AREA: 1.58 acres

SUMMARY STAFF RECOMMENDATION:

The Staff's recommendation is to deny general commercial services – mixed use – conditional overlay (CS-MU-CO) combining district zoning and to maintain single family residence standard lot (SF-2) district zoning.

If zoning that is less restrictive than SF-3 is granted for this site, then 35 feet of right-of-way from the existing centerline of Corral Lane should be dedicated in accordance with the Transportation Criteria Manual. LDC 25-6-55(b) and (c).

ZONING & PLATTING COMMISSION RECOMMENDATION:

February 15, 2011: *MEETING CANCELLED; CASE RE-NOTIFIED FOR MARCH 1, 2011*

March 1, 2011: *APPROVED A POSTPONEMENT BY THE APPLICANT TO MARCH 15, 2011*

[C. BANKS; G. BOURGEOIS – 2ND] (6-0) 1 VACANCY ON THE COMMISSION

March 15, 2011: *APPROVED A POSTPONEMENT BY THE STAFF TO APRIL 19, 2011*

[D. TIEMANN; P. SEEGER – 2ND] (6-0) 1 VACANCY ON THE COMMISSION

April 19, 2011:

ISSUES:

A valid petition of 59.96% has been filed by the adjacent property owners in opposition to this rezoning request. Petition material is provided at the back of the packet.

The Staff requested a postponement of the case until April 19, 2011 in order to further examine the issue of an amnesty Certificate of Occupancy. Staff has determined that most of the property cannot be grandfathered based on the information submitted by the Applicant and City records. Staff believes that a portion of the Guerrero residence was used as a

C1/2

construction sales and services use, but not all of the residential structure. In addition, the outbuildings permitted after December 1975 were represented to the City as a residential use and the outdoor storage areas were not established until after annexation.

On February 1, 2010, the Applicant submitted a site development exemption request for an amnesty certificate of occupancy for the construction sales and service use. (The purpose of an amnesty Certificate of Occupancy is to verify that the use existed prior to annexation in December 1975.) In the absence of official documentation that the use existed prior to annexation, the exemption request was denied by Staff on February 26, 2010. Several affidavits from persons familiar with the Guerrero family and their construction business dating back to the 1960's and 1970's are attached at the back of the Staff report.

On April 19, 2010, the property owner received a Notice of Violation for lacking a Certificate of Occupancy and using SF-2 zoned property for commercial purposes.

The Applicant would like to discuss the Staff recommendation.

DEPARTMENT COMMENTS:

The subject rezoning area consists of two platted lots located approximately mid-block on Corral Lane within the Circle S Ridge subdivision. Development on the property includes a three-unit apartment building, a contractor's office, construction sales and service use, and a warehouse (SF-2). The lots to the east and west on Corral Lane consist of single family residences (SF-2; SF-3). The land across Corral Lane to the south consists of undeveloped land, a general contracting company, a class ring company and accessory parking areas (LI). To the north there are single family residences and manufactured homes (SF-2) that front on Chaparral Road. The corner lots of Chaparral Road and Corral Lane at the IH 35 service road are developed with an automobile sales business and a convenience storage use, respectively. Please refer to Exhibits A and A-1.

The Applicant has requested general commercial services – mixed use – conditional overlay (CS-MU-CO) combining district zoning as a step towards clearing the Notice of Violation. A site plan showing the improvements and customer parking areas is a subsequent step in the development process. The construction sales and services use is first permitted as a conditional use in the warehouse / limited office (W/LO) district and allowed by right in the CS district.

In consideration of the Applicants' request, the Staff examined the existing land use character, Travis County Appraisal District (TCAD) records, aerial photography and reviewed previous rezoning cases on Chaparral Road and Corral Lane from the late 1970's forward. TCAD records indicate that a single family residence was constructed on the east lot in 1963, and a second, two-story residence (presently the three-unit apartment building) was constructed on the west lot in 1974, prior to annexation. (Aerial photography and zoning maps indicate that there was a residence on the west lot by the mid-1980's although it is unclear if it contained more than one unit.) TCAD records also indicate that the warehouse structure and a detached storage structure were built in 1977.

CS zoning was requested in ten of the twelve cases as summarized in the Case Histories table that begins on Page 3. With the exception of the two corner lots located at the IH-35 frontage road and Chaparral Road / Corral Lane, all other requests for CS zoning have not been recommended by Staff on the basis that it would introduce intensive commercial zoning into an established single family residential neighborhood. To this end, Staff is unable to recommend the Applicant's request for CS zoning because the zoning and use is incompatible with the adjacent single family residences to the west and north, and would set precedent. The Circle "S" Ridge subdivision that contains the rezoning area was originally platted for residential development, and proposes some challenges in order to redevelop with commercial uses. If CS zoning is granted, this site will have to comply with CS site development standards, which includes a 25 feet setback from SF-6 or more restrictive district and any single family residence.

The Staff recommends maintaining SF-2 zoning on the basis that any additional residential units which can be proven to have existed prior to annexation would be considered a non-conforming use. Based on TCAD records, an office / construction sales and services use may have been located on the property shortly after annexation, but the type of development, associated activities, including truck traffic and vehicle trip generation are incompatible with the surrounding residences.

EXISTING ZONING AND LAND USES:

	ZONING	LAND USES
<i>Site</i>	SF-2	Three-unit apartment building; Warehouse; Office; Construction sales and services
<i>North</i>	SF-2	Single family residences; Manufactured homes
<i>South</i>	LI	Class Ring company; General contractor; Parking areas
<i>East</i>	SF-2	Single family residences
<i>West</i>	SF-2	Single family residences

CIRCLE "S" RIDGE
SECTION 1

CB-1946-1780

EXHIBIT B
RECORDED PLAT

SUMMARY STAFF RECOMMENDATION:

The Staff's recommendation is to deny general commercial services – mixed use – conditional overlay (CS-MU-CO) district zoning and to maintain single family residence standard lot (SF-2) district zoning.

If zoning that is less restrictive than SF-3 is granted for this site, then 35 feet of right-of-way from the existing centerline of Corral Lane should be dedicated in accordance with the Transportation Criteria Manual. LDC 25-6-55(b) and (c).

BASIS FOR LAND USE RECOMMENDATION (ZONING PRINCIPLES)

- 1. The proposed zoning should be consistent with the purpose statement of the district sought.*

Applicant's Request: The general commercial services (CS) district is intended predominantly for commercial and industrial activities of a service nature having operating characteristics or traffic service requirements generally incompatible with residential environments. The CS district is best suited for uses located at intersections of arterial roadways or arterials with collector status. The intention is to promote safe and efficient use of transportation facilities. MU – Mixed Use combining district is intended for combination with selected base districts, in order to permit any combination of office, retail, commercial, and residential uses within a single development.

Staff recommendation: The single family residence standard lot (SF-2) district is intended for a moderate density single-family residential use on a lot that is a minimum of 5,750 square feet. This district is appropriate for existing single-family neighborhoods having moderate sized lots or to new development of single-family housing areas with minimum land requirements.

- 2. Zoning changes should promote compatibility with adjacent and nearby uses.*

The Staff recommends maintaining SF-2 zoning on the basis that any additional residential units which can be proven to have existed prior to annexation would be considered a non-conforming use. Based on TCAD records, an office / construction sales and services use may have been located on the property after annexation, but the type of development, associated activities, including truck traffic and vehicle trip generation are incompatible with the surrounding residences.

EXISTING CONDITIONS**Site Characteristics**

The site consists of a three-unit apartment building, an office and construction sales and service use, and a warehouse.

Impervious Cover

Within the South Boggy Creek watershed, the maximum impervious cover allowed by the CS zoning district would be 80%, which is based on the more restrictive watershed regulations.

Environmental

The site is not located over the Edwards Aquifer Recharge Zone. The site is in the Desired Development Zone. The site is in the South Boggy Creek Watershed of the Colorado River Basin, which is classified as a Suburban Watershed by Chapter 25-8 of the City's Land Development Code. Under current watershed regulations, development or redevelopment on this site will be subject to the following impervious cover limits:

<i>Development Classification</i>	<i>% of Net Site Area</i>	<i>% with Transfers</i>
Single-Family (minimum lot size 5750 sq. ft.)	50%	60%
Other Single-Family or Duplex	55%	60%
Multifamily	60%	70%
Commercial	80%	90%

According to flood plain maps there is no floodplain within or adjacent to the project boundary.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

Trees will likely be impacted with a proposed development associated with this rezoning case. Please be aware that an approved rezoning status does not eliminate a proposed development's requirements to meet the intent of the tree ordinances. If further explanation or specificity is needed, please contact the City Arborist at 974-1876. At this time, site specific information is unavailable regarding other vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

Under current watershed regulations, development or redevelopment on this site will be subject to the following water quality control requirements:

- Structural controls: Sedimentation and filtration basins with increased capture volume and 2 year detention.

Transportation

Dedicate 35 feet of right-of-way from the existing centerline of Corral Lane in accordance with the Transportation Criteria Manual. LDC, 25-6-55(b),(c). Provide a set of sealed field notes showing right-of-way to be dedicated. Field notes must be verified before the deed is recorded.

A traffic impact analysis was waived for this case because the applicant agreed to limit the intensity and uses for this development. If the zoning is granted, development should be limited through a conditional overlay to less than 2,000 vehicle trips per day. [LDC, 25-6-117]

Water and Wastewater

The landowner intends to serve the site with City of Austin water and wastewater utilities. The landowner, at own expense, will be responsible for providing any water and wastewater utility improvements, offsite main extensions, utility relocations and or abandonments required by the land use. The water and wastewater utility plan must be reviewed and approved by the Austin Water Utility for compliance with City criteria. All water and wastewater construction must be inspected by the City of Austin. The landowner must pay the City inspection fee with the utility construction. The landowner must pay the tap and impact fee once the landowner makes an application for a City of Austin water and wastewater utility tap permit.

Site Plan and Compatibility Standards

After rezoning, the abutting lot lines for properties zoned or used for single family use will trigger compatibility setbacks and will limit height of any proposed projects.

The site is subject to compatibility standards. Along the north, east and west property lines, the following standards apply:

- No structure may be built within 25 feet of the property line.
- No structure in excess of two stories or 30 feet in height may be constructed within 50 feet of the property line.
- No structure in excess of three stories or 40 feet in height may be constructed within 100 feet of the property line.
- No parking or driveways are allowed within 25 feet of the property line.
- In addition, a fence, berm, or dense vegetation must be provided to screen adjoining properties from views of parking, mechanical equipment, storage, and refuse collection.

Additional design regulations will be enforced at the time a site plan is submitted.

Any new development is subject to Subchapter E. Design Standards and Mixed Use. Additional comments will be made when the site plan is submitted.

COUNTY OF TRAVIS }

AFFIDAVIT

On this day CLARENCE GUERRERO and STELLA GUERRERO, being husband and wife ("Affiants"), whose present address is at 1401 Rich Lane, Buda, Hays County, Texas 78610 on our oath deposes and says that:

"We are the original owners of the property known as 402 Corral Lane, Austin, Travis County, Texas for which an application of amnesty is being applied for by The Warrior Company., a Texas limited partnership.

That we purchased the property on October 22, 1959, with a certified copy of the Deed attached hereto as Exhibit A.

That in 1963 we built a residence on the property and at that time we started a construction sales and service business as sole proprietors from this residence. We used the property and the improvements thereafter to store construction supplies, equipment and all other items necessary for the business, including working from this property. In 1987 on the advice of Theodore B. Comsudi, Attorney at Law, whose present address is at 5806 Mesa Drive, Suite 330, Austin, Texas 78731, after reviewing our personal income returns and this sole proprietorship listed on Schedule C of our return he advised us that it would be better if we incorporated this business located at 402 Corral Lane, Austin, Travis County, Texas 78745.

The business was incorporated on July 1, 1987 with us and our sons as the owners as CG&S Construction, Inc., being for Clarence Guerrero & Sons.

From 1963 to the present the property has always been owned and operated openly by our family for the pursuance of the construction sales and service. The use of this property for these purposes has been continuance since 1963 and well before the City of Austin annexation date of December 31, 1975.

Furthermore we had an employee being RICHARD LAFUENTE, who worked for us at this business property in this construction business from 1963 until 1975, who is still alive and residing at 4106 Club Terrace Montopolis. "

That I **DARLENE MERCER** presently residing at 6801 Circle S Road, Austin, Travis County, Texas 78745 on my oath deposes and say that:

" I have been residing at 6801 Circle S Road, Austin, Travis County, Texas 78745 continuously since 1959 and am a neighbor to the property located at 402 Corral Lane, Austin, Texas 78745.

I am familiar with the Guerrero family and their construction business that they have operated continuously from and at 402 Corral Lane since I have been their neighbor since the 1950's. This included the use of the residence that was on the property in 1963, as well as their continued use of the property since 1963 to the present to use the property and the improvements to store construction supplies, equipment, other items necessary for the business.

Furthermore I have hired them on several occasions for remodeling projects.

I am aware of the fact that an application of amnesty is being applied for by The Warrior Company, a Texas limited partnership owned by William and Mary Guerrero of this Guerrero family. I also have no objection as a neighbor residing by the subject property of such application.

Therefore to my knowledge as stated in this Affidavit that prior to 1975 and to the present the property at 402 Corral Lane has always been owned and operated openly by the Guerrero family for the pursuance of the construction sales and service business."

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin's land development process, visit our website:

www.ci.austin.tx.us/development

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice.

To: Rhoades, Wendy
Cc: Will Larson
Subject: Rezoning at 402 cirral Ln.

Wendy Rhoades,

I have concerns with this rezoning, the streets around here are narrow and do not have sidewalks. Guerrero has a construction company and I have seen dump trucks go through our streets (I do not know if they are related to his business) and an increase number of other vehicles trying to avoid Wm Cannon and Congress during traffic rush hours. Unfortunately this is usually the same time that some of our children are walking to school at Pleasant Hill Elementary or others that live in the duplexes walking to the bus stop at Circle S and Wm. Cannon. Circle S is already too dangerous for pedestrians (Too narrow, no sidewalks and speeding traffic; speed limit is 30mph few obey the limit police do not police) so any additional traffic will only add to the problems we already have. The narrow streets around this area do lend themselves for any additional traffic. Please do not allow this zoning change with the infrastructure the way it is.

Re: C14-2010-0199

CL
31

We, the undersigned owners of property affected by the requested zoning change described in the referenced file, do hereby protest against any change of the Land Development Code which would zone the property to any classification other than SF-2.

Currently there is an ongoing commercial business(es) and rental property at this address that is in court/ violation with Code Compliance. There have been several calls to 911 regarding the traffic and the noise generated by the business and the tenants. Since this is already a business and rental property, we ask that they be made to comply with the current zoning of SF-2 and that it remain that way.

Thank you,
Mary Saucedo

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin's land development process, visit our website:

www.ci.austin.tx.us/development

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice.

We, the undersigned owners of property affected by the requested zoning change described in the referenced file, do hereby protest against any change of the Land Development Code which would zone the property to any classification other than SF-2.

Currently there is an ongoing commercial business(es) and rental property at this address that is in court/ violation with Code Compliance. There have been several calls to 911 regarding the traffic and the noise generated by the business and the tenants. Since this is already a business and rental property, we ask that they be made to comply with the current zoning of SF-2 and that it remain that way.

Thank you,
Mary Saucedo

To: Chairman Baker and Members of the Zoning and Platting Commission

From: Clarke Hammond, Circle S Ridge Neighborhood Association Representative

Subject: Postponement Request from CG&S Design/Build (Case #2)

Date: March 1, 2011

As a representative of the Circle S Ridge Neighborhood Association, I am writing to confirm that our neighborhood has no objections to the postponement request from CG&S Design/Build. They are requesting a 2 week postponement and this seem reasonable.

Thank you for your service to the citizens of Austin as a Commissioner and we will be present on March 15 to present our best arguments for not changing the zoning on this site on Corral Road in South Austin.

Sincerely,
Clarke Hammond
