Building Block Working Group Lead Planners  
Planning and Development Review Department  
Imagine Austin Comprehensive Plan  
City of Austin

Dear Colleagues,

The Austin Public Library Commission was among the first City of Austin Boards and Commissions to receive a briefing on the Imagine Austin Comprehensive Plan process in Fall 2010. Thank you for the privilege of joining the team.

We were assigned to Building Block 5/Public Buildings and Services and attended the brainstorming session conducted on Saturday, March 26, 2011. The Library Commission believes that the green, healthy and sustainable strategic directions upon which we were asked to consider, with the exception of transportation concerns, are already addressed in Library's Strategic Plan. Our mission regarding the establishment, operation and maintenance of public libraries is also relevant to the other Building Block Working Groups.

To this end, Austin Public Library Commission strongly urges the Imagine Austin Comprehensive Plan to incorporate the strategic planning directions already put forth from Austin Public Library into the comments of all other working groups.

The Library's plans include these objectives:

- Design, construct and open a New Central Library
- Retrofit Faulk Library as an expansion for the Austin History Center
- Build 4 regional Resource Branches

A more detailed explanation is contained in the Austin Public Library Facilities Master Plan and Strategic Plan, which has been provided to the consultants and can be located online <http://www.ci.austin.tx.us/library/information.htm>.

Thank you for your consideration. We are looking forward to supporting an Imagine Austin Comprehensive Plan that can be cooperatively accomplished.

Sincerely,

Wendy Price Todd  
Dave Fox
