Lead Hazard Control

Program
Description:

HUD's office of Healthy Homes, awarded a \$3M Lead Hazard Control Grant to the City of Austin in the Spring of 2007. The lead hazard control grant provides services for 162 eligible households for the three-year grant period targeting homeowners and renters earning 80 percent or below of MFI with children under the age of six and living in homes built prior to 1978. In February 2010, HUD extended the grant term through the end of February 2011 and increased the number of households to be served to 200.

6/30/2010 Highlights:

In June, the LeadSmart Program provided program information to volunteers assisting with outreach efforts in the east side of Austin. The Program continues outreach efforts in neighborhoods where abatements are being conducted by placing yard signs at job sites and with contractors walking door to door and distributing information. Ten calls were received from outreach efforts, and eight applications were accepted. To date, the Lead Smart program has completed 171 Lead Hazard reductions.

6/30/2010 Highlights:

The goal of the S.M.A.R.T. Housing program is to stimulate the production of new housing that is Safe, Mixed-Income, Accessible, Reasonably-Priced, Transit-Oriented, and meets Green Building and accessibility standards. The annual goal is to complete 750 new single-family and multi-family units. With June's 57 single-family units and 18 multi-family units completed in the ninth month of the fiscal year, the 544 total units represent 73 percent of the annual goal. An additional goal is that 40 percent of the units serve families at or below 80 percent MFI. Through the current month of 2010, 50 percent of the units completed serve families at or below 80 percent MFI.
