ANALYSIS / ADDITIONAL INFORMATION: The Texas Comptroller of Public Accounts' State Energy Conservation Office (SECO) expects to receive over \$290 million in stimulus funds from the American Recovery and Reinvestment Act of 2009. In an effort to support energy efficiency and renewable energy initiatives, SECO is administering grant programs in the areas of Building Efficiency and Retrofit, Distributed Renewable Energy Technology, and Appliance Rebates among others. Austin Energy successfully applied for a competitive grant under the SECO program to install a solar photovoltaic (PV) system at the City of Austin's George Washington Carver Museum and Library.
