Additional Backup Information

The City of Austin and the Capital Metropolitan Transportation Authority (Cap Metro) entered into an Interlocal Agreement in September 2006 to cooperate in the development and funding of improvements to Rundberg lane (78758). The City portion of the project begins approximately at Metric Blvd and ends approximately at Burnet Road. The Cap Metro portion of the project extends south from Rundberg Lane to Saunders Lane.

In June 2009, Cap Metro determined that they are no longer able to provide partial funding for the project as agreed in the 2006 Interlocal Agreement. The Austin Transportation Department desires to proceed with the City portion of the project. In February 2011, the Cap Metro Board of Directors approved the request to terminate the Interlocal Agreement with the City of Austin.

Upon termination of the Interlocal Agreement, the City of Austin will be able to commence work with the project engineer to complete the design phase and proceed with bid, award and construction of the Rundberg Lane improvements.
