Additional Backup Information

This contract will provide safety surface material for playscape areas for the Parks and Recreation Department. The current playgrounds at various parks in the City of Austin have pea gravel as a fall attenuate safety surface. The Texas Health and Safety Code 756.061, subchapter E states that Publicly Funded Playgrounds shall fully comply with the American Society for Testing and Materials (ASTM) playground safety standards; Consumer Safety Performance Specification (CSPS) for Playground Equipment for Public Use. This safety surface materials are for falls greater than five feet. A majority of the playgrounds in the City of Austin have falls heights greater than five feet. The engineered wood fiber mulch provides more safety for public use of playgrounds and provides less risk of injury, and meets ADA accessibility.

Soil Express and Game time/Total Recreation Products, Inc. are contracted through BuyBoard to supply these materials and services statewide as a result of a competitive bidding process. Utilizing the BuyBoard contract provides for local government agencies to make use of their collective purchasing power and is authorized under the provisions of the Interlocal Cooperation Act, Chapter 791, Texas Government Code.
