Additional Backup Information

This action will set a public hearing to consider the proposed assessments on the Public Improvement District for the Whisper Valley Area. The Whisper Valley property (2,066 acres) was purchased by Taurus of Texas Holdings L.P. in June 2006 and is located east of SH 130. The site is planned to include approximately 7,500 single and multi-family homes, and more than 2 million square feet of retail and office space. In addition, 700 acres of open space is to be dedicated to the City for use as trails and parkland.

In June 2009, the City Council voted to approve related development agreements, and in August 2010, voted to approve zoning and limited purpose annexation. The properties are zoned as a planned unit development. The City Council also approved the creation of a public improvement district (PID), in response to a petition by the property owners, a State law prerequisite to creation of a PID. The PID will provide a financing mechanism through the apportionment, levying, and collection of assessments to help pay for the basic infrastructure that will support the planned communities (water, wastewater, and roads).
