Additional Backup Information

The Austin Independent School District (AISD) seeks to be officially "added" to the City of Austin Hazard Mitigation Plan (HMP) Update. AISD's hazard data will be added to the Plan as Appendix G. Appendix G does not represent a major re-write of the City of Austin's HMP nor does Appendix G alter the letter or spirit of the narrative in the Plan. AISD is simply agreeing to the information in the City of Austin's HMP. AISD was a member of the HMP Update Planning Team and as such concurs with the findings of the HMP Update. The addition of Appendix G to the HMP Update will have no impact on the HMP Update as originally adopted by the Austin City Council on October 28, 2010.

The purpose of adding AISD to the City of Austin Plan is so they will be eligible to apply for Federal Hazard Mitigation funds.
