Additional Backup Information

This project consists of the construction of water and wastewater lines in north Austin in an area generally bounded by Braker Lane on the north, Dessau Road on the east, Rundberg Lane on the south, and IH-35 on the west. The construction will take place along Ruby Drive, Joseph Clayton Drive, Bluff Bend Drive, and Tom Adams Drive. This work is being performed as a result of the annexation of the North Acres residential subdivision by the City of Austin on December 31, 2008.

This project consists of various sizes of water and wastewater lines, manholes, fire hydrants, water and wastewater services, and pavement repairs.

Due to the potential for unknown subsurface conditions and utility conflicts when working in the right of way, a 5% contingency has been included to allow for the expeditious processing of any change orders.

The contract allows 365 calendar days for completion of this project. This project is located within zip code 78753.

This project is managed by Public Works.
