Additional Backup Information				

From time to time, certain local, regional, state, and federal government agencies desire to borrow, and City public safety departments (police, fire, EMS) as well as CTM desire to loan, City-owned public safety electronic vehicular and communications equipment on a temporary basis in times of emergency or for purposes of mutual aid and interoperability.

The proposed "Public Safety Electronic Vehicular and Communications Equipment Loan" agreement will allow the Wireless Communication Services Division of CTM to loan the government entities listed below such items as two-way radios, radio repeaters, combiners, antennas, mobile data computers, modems, wireless access points, routers, light bars, sirens, and related items and accessories. There will be no rental fees payable to the City associated with this loaned equipment. Costs related to the installation, operation, maintenance, repair, and replacement of loaned equipment will be borne by the outside entities at no cost to the City of Austin.

Interlocal Agreements or contracts for loaned equipment are proposed for the following government entities:
