Section IV ASSESSMENT PLAN

A. Introduction

The PID Act requires the City Council to apportion the Actual Costs on the basis of special benefits conferred upon the property because of the Authorized Improvements. The PID Act provides that the Actual Costs may be assessed: (i) equally per front foot or square foot; (ii) according to the value of the property as determined by the governing body, with or without regard to improvements on the property; or (iii) in any other manner that results in imposing equal shares of the cost on property similarly benefited. The PID Act further provides that the governing body may establish by ordinance or order reasonable classifications and formulas for the apportionment of the cost between the municipality and the area to be assessed and the methods of assessing the special benefits for various classes or improvements.

Table IV-A provides the estimated allocation of Actual Costs between the PID and the area outside the PID for the Master PID Bond Authorized Improvements.

At this time it is impossible to determine with absolute certainty the amount of special benefit each Parcel within the PID will receive from the Authorized Improvements other than for Master PID Bond Authorized Improvements. As such, at this time Parcels will be only be assessed for the special benefits conferred upon the property because of the Master PID Bond Authorized Improvements.

As Improvement Areas are final platted, in connection with issuance of Phased PID Bonds, this Service and Assessment Plan will be updated to reflect the special benefit each Parcel within an Improvement Area receives from the Authorized Improvements funded with those Phased PID Bonds issued with respect to that Improvement Area. Prior to assessing Parcels located within Improvement Areas in connection with issuance of Phased PID bonds, the owners of the Parcels to be assessed must acknowledge that the Authorized Improvements confer a special benefit on their Parcel and must consent to the imposition of the Assessments to pay for the Actual Costs.

This section of this Service and Assessment Plan currently describes the special benefit received by each Parcel of the Property as a result of the Master PID Bond Authorized Improvements, provides the basis and justification for the determination that this special benefit exceeds the amount of the Assessments, and establishes the methodology by which the City Council allocates the special benefit of the Master PID Bond Authorized Improvements to Parcels in the manner that results in equal share of the Actual Cost being apportioned to Parcels similarly benefited. The determination by the City Council of the assessment methodology set forth below is the result of the discretionary exercise by the City Council of its legislative authority and governmental powers and is conclusive and binding on the Developer and all future owners and developers of the Assessed Property.

As Improvement Areas are developed, then in connection with issuance of Phased PID Bonds this Service and Assessment Plan will be updated based on the City's determination of the assessment methodology for each Improvement Area.

B. Special Benefit

The Assessed Property will receive a direct and special benefit from the Master PID Bond Authorized Improvements, and this benefit will be equal to or greater than the amount of the Assessments. The Master PID Bond Authorized Improvements are provided specifically for the benefit of the Assessed Property. The Master PID Bond Authorized Improvements (more particularly described in line-item format on Table III-A to this Service and Assessment Plan) and the costs of issuance and payment of costs incurred in the establishment, administration, and operation of the PID shown in Table V-A are authorized by the Act.

The owners of the Assessed Property have acknowledged that the Master PID Bond Authorized Improvements confer a special benefit on the Assessed Property and have consented to the imposition of the Assessments to pay for the Actual Costs associated therewith. The owners are acting in their interest in consenting to this imposition because the special benefit conferred upon the Assessed Property by the Master PID Bond Authorized Improvements exceeds the amount of the Assessments.

Pursuant to the Landowner's Agreement, the owners of the Assessed Property have ratified, confirmed, accepted, agreed to and approved; (i) the determinations and finding as to benefits by the City Council in the Service and Assessment Plan and the Assessment Ordinance; and (ii) the Service and Assessment Plan and the Assessment Ordinance. Use of the Assessed Property as described in this Service and Assessment Plan and as required by the Zoning Ordinance required that Authorized Improvements be acquired, constructed, installed, and/or improved. Funding the Actual Costs through the PID is determined to be the most beneficial means of doing so. As a result, the Assessments result in a special benefit to the Assessed Property, and this special benefit exceeds the amount of the Assessment. This conclusion is based on and supported by the evidence, information, and testimony provided to the City Council.

C. Allocation of Actual Costs of Master PID Bond Authorized Improvements

The Master PID Bond Authorized Improvements will provide a special benefit to property inside and outside the PID. Accordingly, the Actual Costs of the Master PID Bond Authorized Improvements must be allocated between the property inside the PID and outside of the PID. Table IV-A summarizes the Actual Costs for each Master PID Bond Authorized Improvements. The costs shown in Table IV-A are estimates and may be revised in Annual Service Plan Updates, but may not result in increased assessments without the owners of the Parcels consent to the imposition of the increased Assessments to pay for the Actual Costs.

D. Allocation of Actual Costs of Phased PID Bond Authorized Improvements

As Improvement Areas are developed, then in connection with issuance of Phased PID Bonds this Service and Assessment Plan will be amended to identify the special benefit to property inside and outside the PID resulting from the Phased PID Bond Authorized Improvements (e.g. Table IV-A-1 will be added to show the estimated allocation of Actual Costs between the PID and the area outside the PID for the Improvement Area #1 Authorized Improvements, etc.) Further, to the extent a Phased PID Bond Authorization Improvement benefits portions of the

Assessed Property both inside and outside of a given Improvement Area, then a new Table IV-B will be added showing the special benefit to the PID both inside and outside the Improvement Area in question and that Improvement Area will only be assessed based on the percentage of Actual Costs that benefit it, and the remainder will be assessed to Future Improvement Areas (e.g., a new Table IV-B-1 will be added for Improvement Area #1).

Notes:

(a) The Developer and County entered into that certain Decker Lake Road Participation Agreement (as amended) whereby the Developer is reimbursed 66.6% of the cost of Decker Lake Road Hard Costs and 50% of Construction management costs and engineering costs. Landscape Costs, City and County Fees, and Inspection Fees are not subject to reimbursement. Only non reimbursed costs are determined to be PID eligible, and as such 42% of Decker Lake Road Costs are PID Eligible Costs.

(b) Water Line 1 is being funded by both Senior Master PID Bonds and Subordinate Master PID Bonds. The amounts indicated are the costs being funded by each bond series, and when added together equal the total cost. The Developer and City entered into the Water Cost Reimbursement Agreement whereby the Developer is reimbursed the hard and certain soft costs of Water Line 1. However, 75% of Water Line 1's capacity will be used by property outside of the PID, and as such only 25% of the Water Line 1 Costs are PID Eligible. The Developer will pledge the reimbursements of those certain hard and soft costs due under the Water Cost Reimbursement Agreement to the payment of the Subordinate Master PID Bonds. The City will be repaid for the non-oversized portion of Water Line 1 costs it reimburses to the Developer pursuant to the Water Cost Reimbursement Agreement.

E. Assessment Methodology

The Actual Costs may be assessed by the City Council against the Assessed Property so long as the special benefit conferred upon the Assessed Property by the Authorized Improvements equal or exceeds the Assessments. The Actual Costs may be assessed using any methodology that results in the imposition of equal shares of the Actual Costs on Assessed Property similarly benefited.

Assessment Methodology for the Master PID

For purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs associated with the Senior Master PID Bonds and Subordinate Master PID Bonds shall be allocated to the Assessed Property on the basis of the modified area method and such method of allocation will result in the imposition of equal shares of the Actual Costs on Parcels similarly benefited. The modified area method is applied by spreading the entire assessment

across all Parcels within the PID based on their ratio of the total assessable area within the PID. Upon subsequent divisions of any Parcel, the assessment applicable to it is then apportioned based on the ratio of the areas of the newly created parcels. For residential parcels, when final residential building sites are platted, assessments are apportioned proportionately among each residential parcel based on its relative size. The result of this approach is that each final residential parcel with the same density has the same assessment, and residential parcels with similar densities will have similar assessments.

Assessment Methodology for Improvement Areas

As any given Improvement Area is developed, then in connection with issuance of any Phased PID Bonds for that Improvement Area, this Service and Assessment Plan will be amended to determine the assessment methodology that results in the imposition of equal shares of the Actual Costs on Assessed Property similarly benefited within that Improvement Area.

F. Assessments

The Assessments for the Senior Master PID Bonds and the Subordinate Master PID Bonds will be levied on each Parcel according to the Assessment Roll attached hereto as Appendix A. The Annual Installments for the Senior Master PID Bonds will be collected on the dates and in the amounts shown on the Assessment Roll, subject to any revisions made during an Annual Service Plan Update. The Annual Installments for the Subordinate Master PID Bonds will be collected on the dates and in the amounts shown on the Assessment Roll to the extent sufficient funds are not received by the Trustee pursuant to the pledge of the reimbursements under the CRAs by the Developer. The use of the Annual Installments to pay debt service under the Subordinate Master PID Bonds shall be subordinate to the use of the Annual Installments to pay debt service under the Senior Master PID Bonds.

G. Administrative Expenses

The cost of administering the PID and collecting the Annual Installments shall be paid for on a pro rata basis by each parcel based on the amount of Assessment levied against the Parcel. The administrative expenses shall be collected in the same manner as Annual Installments in the amounts shown on the Assessment Roll, which may be revised based on actual costs incurred in Annual Service Plan Updates.

H. Prepayment Reserve

Pursuant to the PID Act, the interest rate for Assessments may exceed the actual interest rate paid on the bonds by no more than one half of one percent (0.50%). The interest rate used to determine the Senior Master PID Bonds Assessments is one-fifth percent (0.50%) higher than the actual rate paid on the Senior Master PID Bonds, with 0.20% allocated to fund any interest charged between the date of prepayment of an Assessment and the date in which bonds are prepaid and 0.30% allocated to fund a delinquency reserve account as described below.

I. Delinquency Reserve

The City has allocated up to 0.30% of the interest rate component of the Annual Installments to offset any possible delinquent payments. The additional reserve shall be funded up to 0.1% of the next year's debt service for the Senior Master PID Bonds, but in no event will the annual collection be more than 0.30% higher than the actual interest rate paid on the debt.

Section V

SERVICE PLAN

The PID Act requires the service plan to cover a period of at least five years. The service plan is required to define the annual projected costs and indebtedness for the Authorized Improvements undertaken within the PID during the five year period. It is anticipated that it will take approximately two years for the Master PID Bond Authorized Improvements to be constructed. At some point after the Master PID Bond Authorized Improvements are constructed, Improvement Area #1 will begin development. After Improvement Area #1 is developed, it is anticipated that Improvement Area #2 will begin development, and so on, with each Improvement Area to be subsequently developed corresponding to the Service and Assessment Plan to be updated with that development

The estimated Actual Costs for Master PID Bond Authorized Improvements plus costs related to the issuance of the Bonds, and payment of expenses incurred in the establishment, administration and operation of the PID is \$16,290,772, as shown in Table V-A. The service plan shall be reviewed and updated annually for the purpose of determining the annual budget for improvements. The annual update to this Service and Assessment Plan is herein referred as the "Annual Service Plan Update."

Table V-A summarizes the sources and uses of funds required to construct the Master PID Bond Authorized Improvements, establish the PID, and issue the Bonds. Table V-A may be revised based on final bond pricing and final costs of issuance. The sources and uses of funds shown in Table V-A shall be updated each year in the Annual Service Plan Update to reflect any budget revisions and actual costs.

As Improvement Areas are developed in connection with issuance of Phased PID Bonds, this Service and Assessment Plan will be amended to add a new table to this Section V (e.g. Table V-A-1 will be added for Improvement Area #1, etc.).

(a) Assumes Subordinate Master PID Bonds are able to be fully paid with revenue from CRAs.

(b) Pursuant to the Decker Lake Road Participation Agreement between Travis County and the Developer, the County will reimburse the Developer for 66% of the cost of Decker Lake Road Hard Costs and 50% of Construction management costs and engineering costs. The funding of the improvements is initially funded by the Developer.

(c) 25% of Water Line 1's capacity will be used by the Indian Hills development, and as such only 25% of the Water Line 1 Costs will be funded by the Indian Hills project.

(d) The Developer will fund any costs not covered by Senior Master PID Bonds, Subordinate Master PID Bonds or County reimbursements until such time as Phased PID Bond proceeds are available. The Developer and City will enter into an acquisition agreement for any facility acquired by the City which is intended to be paid for, partially or in its entirety, from Phased PID Bonds. Developer Funds will be utilized if the amounts specified above are not sufficient to pay for the costs of such improvements.

(e) See Table III-A and Table IV-A for details. Excludes Bond Issuance Costs, which are identified separately.

(f) The Subordinate Master PID Bonds will include a debt service reserve fund equal to the lesser of maximum annual debt service or 10% of the bond amount.

(g) The Bonds will include capitalized interest.

(h) The Bonds will have a 2% underwriter's discount.

(i) Preliminary estimate.

The annual projected costs and annual projected indebtedness is shown by Table V-B. The annual projected costs and indebtedness is subject to revision and each shall be updated in the Annual Service Plan Update to reflect any changes in the costs or indebtedness expected for each year.

Note: The Annual Projected Costs shown are the annual expenditures relating to the PID Authorized Improvements shown in Table III-A. The Annual Projected Indebtedness shown is for the Senior Master PID Bonds and the Subordinate Master PID Bonds. The difference between the two totals is the amount contributed by sources other than the Indian Hills PID, including Decker Lake Road reimbursements, non Indian Hills PID's share of the Waterline 1 costs, and Developer contributions. As Improvement Areas are developed, then in association with issuing Phased PID Bonds this Table V-B will be amended to identify the Phased PID Bond Authorized Improvements and the projected indebtedness resulting from the Phased PID Bond.

Section VI

TERMS OF THE ASSESSMENTS

A. Amount of Assessments and Annual Installments for Parcels Located Within Master PID

The Assessment and Annual Installments for each Parcel located within the Master PID is shown on the Assessment Roll, attached as Appendix A, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act. The Annual Installments shall be collected in an amount sufficient to pay principal and interest on the Senior Master PID Bonds, or maturity value on the Subordinate Master PID Bonds, as applicable, and to cover Administrative Expenses of the PID.

B. Amount of Assessments and Annual Installments for Parcels Located Within Future Improvement Areas

As Improvement Area #1 and Future Improvement Areas are developed, this Service and Assessment Plan will be amended to determine the Assessment and Annual Installments for each Parcel located within Future Improvement Areas (e.g. Appendix A-1 will be added as the Assessment Roll for Improvement Area #1, etc.). The Annual Installments for each Parcel located within a Future Improvement Area will escalate at 2% per year. The Assessments shall not exceed the benefit received by the Assessed Property.

C. Reallocation of Assessments for Parcels Located Within the Master PID

1. Upon Subdivision Prior to Final Subdivision Map

Upon the subdivision of any Parcel (but prior to final lots being created), the Administrator shall reallocate the Assessment for the Parcel prior to the subdivision among the new subdivided Parcels according to the following formula:

$$A = B \times (C \div D)$$

Where the terms have the following meanings:

A = the Assessment for the new subdivided Parcel

B = the Assessment for the Parcel prior to subdivision

C = the acreage of the newly subdivided Parcel

D = the sum of the acreage for all of the new subdivided Parcels excluding Non-Benefitted Property

The calculation of the acreage of a Parcel shall be performed by the Administrator based on information available regarding the Parcel. The estimate as confirmed shall be conclusive.

The sum of the Assessments for all newly subdivided Parcels shall equal the Assessment for the Parcel prior to subdivision. The calculation shall be made separately for each newly subdivided Parcel. The reallocation of an Assessment for a Parcel that is a homestead under Texas law may not exceed the Assessment prior to the reallocation. Any reallocation pursuant to this section shall be reflected in an update to this Service and Assessment Plan approved by the City Council.

2. Upon Subdivision From Final Subdivision Map

Upon the subdivision of any Parcel based on a Final Subdivision Map, the Administrator shall reallocate the Assessment for the Parcel prior to the subdivision among the new subdivided Parcels according to the following formula:

$$A = [B \times (C \div D)]/E$$

Where the terms have the following meanings:

A = the Assessment for the new subdivided Parcel

B = the Assessment for the Parcel prior to subdivision

C = the sum of the acreage of all new subdivided Parcels with same Lot Type

D = the sum of the acreage for all of the new subdivided Parcels excluding Non-Benefitted Property

E = the number of Parcels with same Lot Type

The calculation of the acreage of a Parcel shall be performed by the Administrator and confirmed by the City Council based on information available regarding the Parcel. The estimate as confirmed shall be conclusive.

The sum of the Assessments for all newly subdivided Parcels shall equal the Assessment for the Parcel prior to subdivision. The calculation shall be made separately for each newly subdivided Parcel. The reallocation of an Assessment for a Parcel that is a homestead under Texas law may not exceed the Assessment prior to the reallocation. Any reallocation pursuant to this section shall be reflected in an update to this Service and Assessment Plan approved by the City Council.

3. Upon Consolidation

Upon the consolidation of two or more Parcels, the Assessment for the consolidated Parcel shall be the sum of the Assessments for the Parcels prior to consolidation. The reallocation of an Assessment for a Parcel that is a homestead under Texas law may not exceed the Assessment prior to the reallocation. Any reallocation pursuant to this section shall be calculated by the

Administrator and reflected in an update to this Service and Assessment Plan approved by the City Council.

D. Reallocation of Assessments for Parcels Located Within Future Improvement Areas

As Future Improvement Areas are developed, this Service and Assessment Plan will be amended to determine the assessment reallocation methodology that results in the imposition of equal shares of the Actual Costs on Assessed Property similarly benefitted within each Future Improvement Area.

E. Mandatory Prepayment of Assessments

If a Parcel or portion thereof is transferred to a party that is exempt from the payment of the Assessment under applicable law, or if an owner causes a Parcel or portion thereof to become Non-Benefitted Property, the owner of such Parcel or portion thereof shall pay to the Administrator the full amount of the Assessment, plus all Prepayment Costs, for such Parcel or portion thereof prior to any such transfer or act; provided, however that such mandatory prepayment of assessment shall not be required for portions of a Parcel that are dedicated for use as internal roads, parks and other similar, public improvements. At the time such public improvements are dedicated, the Assessment that was allocated to that certain Parcel in which the public improvement was located will be reallocated to similarly benefitted Parcels; provided, however, that reallocation of an Assessment for a Parcel that is a homestead under Texas Law may not exceed the Assessment prior to reallocation.

F. Reduction of Assessments

1. If after all Authorized Improvements have been completed and Actual Costs are less than the Actual Costs used to calculate the Assessments, resulting in excess Bond proceeds being available to redeem Bonds, then the Assessment for each Parcel shall be reduced prorata such that the sum of the resulting reduced Assessments for all Parcels equals the actual reduced Actual Costs and such excess Bond proceeds shall applied to redeem Bonds. The Assessments shall not be reduced to an amount less than the outstanding Bonds.
2. If the Authorized Improvements are not undertaken by the City or County, resulting in excess Bond proceeds being available to redeem Bonds, the Assessment for each Parcel shall be approximately reduced by the City Council to reflect only the Actual Costs that were expended and such excess Bond proceeds shall be applied to redeem Bonds. The City Council may reduce the Assessments for each Parcel prorata such that the sum of the resulting reduced Assessments equals the Actual Costs with respect to the Authorized Improvements that were undertaken. The Assessments shall not be reduced to an amount less than the outstanding Bonds.
3. If a Reimbursement Payment is received by the Initial Trustee for an Authorized Improvement, resulting in proceeds being available to redeem the Subordinate Master

PID Bonds, then the Assessment for each Parcel shall be reduced prorata such that the sum of the resulting reduced Assessments for all Parcels equals the Actual Costs less the Reimbursement Payment and any excess proceeds shall applied to redeem Subordinate Master PID Bonds. The Assessments shall not be reduced to an amount less than the outstanding Subordinate Master PID Bonds.

G. Payment of Assessments

1. Payment in Full

- (a) The Assessment for any Parcel may be paid in full at any time in accordance with applicable laws. Payment shall include all Prepayment Costs. If prepayment in full will result in a redemption of Bonds, the payment amount shall receive credit from any proceeds from the reserve fund applied to the redemption under the Indenture, net of any other costs applicable to the redemption of Bonds.
- (b) If an Annual Installment has been billed prior to payment in full of an Assessment, the Annual Installment shall be due and payable and shall be credited against the payment-in-full amount.
- (c) Upon payment in full of an Assessment and all Prepayment Costs, the City shall deposit the payment in accordance with the Indenture; whereupon, the Assessment shall be reduced to zero, and the owner's obligation to pay the Assessment and Annual Installments thereof shall automatically terminate.
- (d) At the option of the owner, the Assessment on any Parcel plus Prepayment Costs may be paid in part in an amount sufficient to allow for a convenient redemption of Bonds as determined by the Administrator. Upon the payment of such amount for a Parcel, the Assessment for the Parcel shall be reduced, the Assessment Roll shall be updated to reflect such partial payment, and the obligation to pay the Annual Installment for such Parcel shall be reduced to the extent the partial payment is made.

2. Payment in Annual Installments

The Act provides that an Assessment for a Parcel may be paid in full at any time. If not paid in full, the Act authorizes the City to collect interest and collection costs on the outstanding Assessment. An Assessment for a Parcel that is not paid in full will be collected in Annual Installments each year in the amounts shown in the Assessment Roll, which include interest on the outstanding Assessment and Administrative Expenses. The process and dates for payment of the Annual Installments shall be as determined by the Administrator.

Each Assessment for a Future Improvement Area shall bear interest at a rate of interest on the Bonds approved and issued by the City. The Annual Installments as listed on the Assessment Roll for Senior Master PID Bonds have been calculated using the actual interest rates for the Senior Master PID Bonds and the Subordinate Master PID Bonds. The Annual Installments may

not exceed the amount amounts shown on the Assessment Roll except as pursuant to any amendment or update to this Service and Assessment Plan.

The Annual Installments shall be reduced to equal the actual costs of repaying the Bonds and actual Administrative Expenses (as provided for in the definition of such term), taking into consideration any other available funds for these costs, such as amounts received from the City pursuant to the CRAs and interest income on account balances.

The City reserves and shall have the right and option to refund the Bonds in accordance with Section 372.027 of the PID Act. In the event of such refunding, the Administrator shall recalculate the Annual Installments, and if necessary, may adjust, decrease, or extend the term of the Annual Installment so that total Annual Installments of Assessments will be produced in annual amounts that are required to pay the refunding bonds when due and payable as required by and established in the ordinance and/or the indenture authorizing and securing the refunding bonds.

H. Collection of Annual Installments

No less frequently than annually, the Administrator shall prepare, and the City Council shall approve, an Annual Service Plan Updates to allow for the billing and collection of Annual Installments. Each Annual Service Plan Update shall include an updated Assessment Roll and a calculation of the Annual Installment for each Parcel. Administrative Expenses shall be allocated among Parcels in proportion to the amount of the Annual Installments for the Parcels. Each Annual Installment shall be reduced by any credits applied under the applicable Indenture, such as capitalized interest, interest earnings on any account balances, and any other funds available to the Trustee for such purpose, including any amounts received from the City pursuant to the CRAs and existing deposits for a prepayment reserve. For Senior master PID Bonds, Annual Installments shall be collected by the City (or such entity to whom the City directs) in the same manner and at the same time as ad valorem taxes. For Subordinate Master PID Bonds, Annual Installments shall be collected by the City (or such entity to whom the City directs) by hand billing on dates to be determined by the Administrator in accordance with the Indenture. Annual Installments shall be subject to the same penalties, procedures, and foreclosure sale in case of delinquencies as are provided for ad valorem taxes of the City. The City Council may provide for other means of collecting the Annual Installments to the extent permitted under the PID Act. The assessments shall have lien priority as specified in the PID Act.

Any sale of property for nonpayment of the delinquent Annual Installments shall be subject to the lien established for the remaining unpaid Annual Installments against such property and such property may again be sold at a judicial foreclosure sale if the purchaser thereof fails to make timely payment of the non-delinquent Annual Installments against such property as they become due and payable.

I. Surplus Funds Remaining in Senior Master PID Bond Account

If Senior Master PID Bond proceeds still remain after all of the Master PID Bond

Authorized Improvements are constructed and accepted by the City, the proceeds may be utilized to finance other Authorized Improvements.

Section VII

THE ASSESMENT ROLL

A. Master PID Assessment Roll

Each Parcel within the Master PID has been evaluated by the City Council (based on the PUD, developable area, proposed Owner Association Property and Public Property, the Authorized Improvements, best and highest use of land, and other development factors deemed relevant by the City Council) to determine the amount of Assessed property within the Parcel.

At this time it is impossible to determine with absolute certainty the amount of special benefit each Parcel within the PID will receive from the Authorized Improvements other than for Master PID Authorized Improvements. As such, at this time only Master PID Assessed Property will be assessed for the special benefits conferred upon the property because of the Master PID Authorized Improvements. Table IV-A summarizes the \$6,040,032 in special benefit received by Master PID Assessed Property from the Master PID Authorized Improvements. The cumulative total for the Authorized Improvements to be funded by the Senior Master PID Bonds and Subordinate Master PID Bonds, is \$5,192,350, which is less than the benefit received by Master PID Assessed Property, and as such the total assessment for all Parcels within the Master PID is \$5,192,350. The Assessment for each Parcel within the Master PID is calculated based on the allocation methodologies described in Section IV.E. of this Service and Assessment Plan. The Assessment Roll for the Master PID is attached hereto as Appendix A.

B. Future Improvement Area Assessment Roll

As Improvement Area #1 and Future Improvement Areas are developed, this Service and Assessment Plan will be amended to determine the Assessment for each Parcel located within Improvement Area # 1 and Future Improvement Areas (e.g. Appendix A-1 will be added as the Assessment Roll for Improvement Area #1, etc.).

C. Annual Assessment Roll Updates

The Administrator shall prepare, and the City Council shall review and approve, annual updates to the Assessment Roll in conjunction with the Annual Service Plan Update to reflect the following matters, together with any other changes helpful to the Administrator or the City and permitted by the Act: (i) the identification of each Parcel (ii) the Assessment for each Parcel, including any adjustments authorized by this Service and Assessment Plan or in the PID Act; (iii) the Annual Installment for the Parcel for the year (if the Assessment is payable in installments); and (iv) payments of the Assessment, if any, as provided by Section VI.C of this Service and Assessment Plan.

Once Bonds are issued, the Assessment Roll shall be updated, which update may be done in the next Annual Service Plan Update, to reflect any changes resulting from the issuance of the Bonds. This update shall reflect the actual interest on the Bonds at which the Annual Installments

shall be paid, any reduction in the Assessments, and any revisions in the Actual Costs to be funded by the Bonds and Developer funds.

Section VIII

MISCELLANEOUS PROVISIONS

A Administrative Review

The City shall serve as the Administrator until the Property is final platted at which time this practice will be re-examined and the City may elect to designate a third party to serve as Administrator. The City shall notify Developer in writing at least thirty (30) days in advance before appointing a third party Administrator.

To the extent consistent with the Act, an owner of an Assessed Parcel claiming that a calculation error has been made in the Assessment Roll, including the calculation of the Annual Installment, shall send a written notice describing the error to the City no later than thirty (30) days after the date any amount which is alleged to be incorrect is due prior to seeking any other remedy. The Administrator shall promptly review the notice, and if necessary, meet with the Assessed Parcel owner, consider written and oral evidence regarding the alleged error and decide whether, in fact, such a calculation error occurred.

If the Administrator determines that a calculation error has been made and the Assessment Roll should be modified or changed in favor of the Assessed Parcel owner, such change or modification shall be presented to the City Council for approval, to the extent permitted by the PID Act. A cash refund may not be made for any amount previously paid by the Assessed Parcel owner (except for the final year during which the Annual Installment shall be collected), but an adjustment may be made in the amount of the Annual Installment to be paid in the following year. The decision of the Administrator regarding a calculation error relating to the Assessment Roll may be appealed to the City Council for determination. Any amendments made to the Assessment Roll pursuant to calculation errors shall be made pursuant to the PID Act.

B Termination of Assessments

Each Assessment shall terminate on the date the Assessment is paid in full, including unpaid Annual Installments and Delinquent Collection Costs, if any. After the termination of an Assessment, and the collection of any delinquent Annual Installments and Delinquent Collection Costs, the City shall provide the owner of the affected Parcel a recordable "Notice of the PID Assessment Termination."

C Cost Savings/Cost Overruns

Savings from one line item may be applied to a cost increase in another line item. These transfers, however, are limited to the portion of the savings related to the PID's share of the costs, and these savings may be applied only to the PID's share of the increase in the costs of another line item. With respect to CRA Improvements, cost savings and cost overruns shall be handled in accordance with the terms and conditions set forth in the applicable CRA.

D Cost Overruns

In the event there are cost overruns and the proceeds of the Subordinate Master PID Bonds and the funds in the Master PID Bond Holdback are not sufficient to fund the CRA Improvements specified in the Service and Assessment Plan, the Developer may request an additional amount of debt issuance of up to \$750,000 of bonds commencing in year 2012 with the first assessments to occur in 2014 to provide additional contingency funding.

E Amendments

Amendments to the Service and Assessment Plan can be made as permitted by the PID Act and under Texas law.

F Administration and Interpretation of Provisions

The City Council shall administer (or cause the administration of) the PID, this Service and Assessment Plan, and all Annual Service Plan Updates consistent with the PID Act, and shall make all interpretations and determinations related to the application of this Service and Assessment Plan unless stated otherwise herein or in the Indenture, such determination shall be conclusive.

G Severability

If any provision, section, subsection, sentence, clause or phrase of this Service and Assessment Plan, or the application of same to an Assessed Parcel or any person or set of circumstances is for any reason held to be unconstitutional, void or invalid, the validity of the remaining portions of this Service and Assessment Plan or the application to other persons or sets of circumstances shall not be affected thereby, it being the intent of the City Council in adopting this Service and Assessment Plan that no part thereof, or provision or regulation contained herein shall become inoperative or fail by reason of any unconstitutionality, voidness or invalidity of any other part hereof, and all provisions of this Service and Assessment Plan are declared to be severable for that purpose.

If any provision of this Service and Assessment Plan is determined by a court to be unenforceable, the unenforceable provision shall be deleted from this Service and Assessment Plan and the unenforceable provision shall, to the extent possible, be rewritten to be enforceable and to give effect to the intent of the City.

If a conflict exists between the terms of this Service and Assessment Plan and a CRA, the terms and conditions of the applicable CRA shall control.
