Related Items:					
Additional Backup Information					

This project is part of the 2006 Bond Street Reconstruction Program and the 2010 Bond Program. The project limits are Colorado Street from 3rd Street to 7th Street. The work will include Great Streets elements, new sidewalks, street lights, trees, benches, bicycle racks, trash receptacles, new curb and gutter, 1,880 linear feet of water line, 970 linear feet of wastewater line, 14 wastewater manholes, 2,235 linear feet of storm sewer line and full depth street reconstruction. Work is estimated to begin in February 2012 with an estimated completion date of February 2013. Businesses and residents along Colorado Street have been contacted and updated on the project.

Due to the potential for unknown subsurface conditions and utility conflicts when working in the right of way, a 5% contingency in funding has been included to allow for the expeditious processing of any change orders.

The contract allows 365 working days for substantial completion of this project. This project is located within zip code 78701. This project is managed by the Public Works Department.
