

**HISTORIC LANDMARK COMMISSION  
FEBRUARY 27, 2012  
APPLICATION FOR A CERTIFICATE OF APPROPRIATENESS  
C14H-2002-0023  
Henry Stringfellow House  
902 Juniper Street**

**PROPOSAL**

---

Raise the house and install a new pier-and-beam foundation.

**PROJECT SPECIFICATIONS**

---

Lift the existing structure in place, remove the existing deteriorated foundation, and install a new pier-and-beam foundation.

**STANDARDS FOR REVIEW**

---

The Commission's Standards for Review of applications for Certificates of Appropriateness include:

- Contemporary design for alterations and additions to existing properties are appropriate when such alterations and additions do not destroy significant historic, architectural, or cultural material and such design is compatible with the size, scale, color, material, and character of the property, neighborhood, or environment.

**COMMITTEE RECOMMENDATIONS**

---

Not reviewed.

**STAFF RECOMMENDATION**

---

Approve the Certificate of Appropriateness. The existing pier-and-beam foundation is deteriorating; the new pier-and-beam foundation will match the existing foundation system type.
