The Honorable Lee Leffingwell  
Mayor of the City of Austin  
301 W 2nd St  
Austin, Texas 78701

Dear Mayor Leffingwell:

Thank you for your letter on behalf of the Austin community expressing support for several important items in the 2012 Farm Bill. I share your support of programs that encourage farms to reduce pollution and preserve healthy soil and fresh water. As a member of the Congressional Organic Caucus, I also share your support of healthy, local, and organic foods, and want to ensure we do all we can to make these affordable to families in our community. As the Farm Bill takes shape through discussion and debate in the Congress, I will keep our shared priorities in mind.

Thank you again for contacting me, and please keep me advised of any federal matters with which I may be of assistance.

Sincerely,  
Lloyd Doggett
