ZONING CHANGE REVIEW SHEET

CASE: C14-2012-0026   MU-14 Investments

Z.P.C. DATE: 04/24/12, 05/01/12

ADDRESS: 4807 North Quinlan Park Road

AREA: 10.7 acres

APPLICANT: MU-14 Investments Ltd. (Adib Khoury)

AGENT: Crocker Consultants (Sarah Crocker)

NEIGHBORHOOD PLAN AREA: N/A

CAPITOL VIEW: No

T.I.A.: Waived – See the Transportation Reviewers comments.

WATERSHED: Bear Creek West

HILL COUNTRY ROADWAY: Yes

DESired DEVELOPMENT ZONE: No

ZONING FROM: GR-CO – Community Commercial, Conditional Overlay.

ZONING TO: GR-MU-CO – Community Commercial, Mixed Use, Conditional Overlay.

SUMMARY STAFF RECOMMENDATION:

Staff recommends GR-MU-CO – Community Commercial, Mixed Use, Conditional Overlay. The Conditional Overlay would limit daily vehicle trips to 2000, prohibit access to F.M. 620 and prohibit the following uses: art and craft studio, convalescent services, club or lodge, communication services, cultural services, automotive rental, automotive sales, automotive repair services and automotive washing.

ZONING AND PLATTING COMMISSION RECOMMENDATION:

The motion to approve staff’s recommendation for GR-MU-CO district zoning, with the added conditions to prohibit: Pawnshop services, Bail Bond Services, multi-family units and limit the development to 54 units. The motion was approved on the consent agenda by Commissioner Patricia Seeger’s motion, Commissioner Alfonso Hernandez seconded the motion on a vote of 6-0; Commissioner Sandra Baldridge was absent.

DEPARTMENT COMMENTS:

The applicant requested and was granted GR, Community Commercial, zoning in 2011 under case number C14-2011-0013. The applicant is now requesting the MU, or Mixed Use combining district. The Mixed Use combining district is intended for combination with selected base districts, in order to permit any combination of office, retail, commercial, and residential uses within a single development. This tract of land has frontage on RM 620, a major arterial roadway and North Quinlan Park Road. The site lies within a Hill Country Roadway Corridor which will reduce the ability of the property to be developed to its maximum potential. The site lies within a Low Intensity Zone within the Hill Country Roadway Corridor. All non-residential development within this zone shall be subject to a maximum Floor-to-Area Ratio (FAR) as well as a maximum height of twenty eight feet (28’) for the first two
thirds (2/3) of the site and a maximum height of forty feet (40') for the remaining one third (1/3) of the site. Additional requirements will include a vegetative buffer along RM 620. At least 40% of the site must be left in a natural state. Any site plan for this tract of land will need Zoning and Platting Commission approval as well.

</tbody>
</table>

**BASIS FOR RECOMMENDATION:**

1. Zoning should promote the policy of locating retail and more intensive zoning near the intersections of arterial roadways or at the intersections of arterials and major collectors.

Granting GR-MU-CO – Community Commercial, Mixed Use, Conditional Overlay would permit the location of offices or commercial uses serving neighborhoods and community needs, at the intersection of RM 620, a major arterial and North Quinlan Park Road as well as the ability to develop the property with a residential component. The development could include unified and individually developed shopping centers or commercial sites; such as service stations, restaurants.

**NEIGHBORHOOD ORGANIZATION:**

- Comanche Trails Community Assoc.
- Long Canyon HOA
- Glenlake HOA
- 2222 Coalition of Neigh. Assoc.
- Steiner Ranch ROA
- Steiner Ranch Comm. Assoc.
- Long Canyon II HOA

**SCHOOLS:**

Steiner Ranch Elementary School
Canyon Ridge Middle School
Leander High School

**TRANSPORTATION:**

TR1: No additional right-of-way is needed at this time for Quinlan Park Road.
TR2: A traffic impact analysis was waived for this case because the applicant agreed to limit the intensity and uses for this development. If the zoning is granted, development should be limited through a conditional overlay to less than 2,000 vehicle trips per day [LDC, 25-6-117].

TR3: Quinlan Park Road is classified in the Bicycle Plan as Priority 2 Bike Route No. 101.

TR4: No bus service from Capital Metro is available along Quinlan Park Road.

TR5: There are no existing sidewalks along N. Quinlan Park Road.

TR6: Existing Street Characteristics:

<table>
<thead>
<tr>
<th>Name</th>
<th>ROW</th>
<th>Pavement</th>
<th>Classification</th>
<th>ADT</th>
</tr>
</thead>
<tbody>
<tr>
<td>Quinlan Park Rd.</td>
<td>120 feet</td>
<td>2 @ 24 feet</td>
<td>Major Arterial, Divided (MAD4)</td>
<td>N/A</td>
</tr>
</tbody>
</table>

**SITE PLAN:**

Site plans will be required for any new development other than single-family or duplex residential.

Any development which occurs in an SF-6 or less restrictive zoning district which is located 540-feet or less from property in an SF-5 or more restrictive zoning district will be subject to compatibility development regulations.

This site is in the Scenic Roadway sign district. All signs must comply with Scenic Roadway sign district regulations.

**Hill Country Roadway**

The site/A portion of the site is located within 1,000 feet of RM 620 and within a Hill Country Roadway Corridor. The site is located within the low intensity zone of 620. The site may be developed with the following maximum floor-to-area ratio (FAR):

<table>
<thead>
<tr>
<th>Slope</th>
<th>Maximum FAR</th>
</tr>
</thead>
<tbody>
<tr>
<td>0-15%</td>
<td>0.20:1</td>
</tr>
<tr>
<td>15-25%</td>
<td>0.08:1</td>
</tr>
<tr>
<td>25-35%</td>
<td>0.04:1</td>
</tr>
</tbody>
</table>

Except for clearing necessary to provide utilities or site access, a 100 foot vegetative buffer will be required along 620. At least 40% of the site (excluding dedicated right-of-way) must be left in a natural state. The allowable height is as follows: Within 200 feet of 620 the maximum height is 28 feet, and beyond 200 feet the maximum height is 40 feet.
ENVIRONMENTAL:

1. The site is not located over the Edwards Aquifer Recharge Zone. The site is in the Bear Creek West Watershed of the Colorado River Basin, and is classified as a Water Supply Rural Watershed by Chapter 25-8 of the City's Land Development Code. It is in the Drinking Water Protection Zone. Under the current watershed regulations, development or redevelopment on this site will be subject to the following impervious cover limits:

<table>
<thead>
<tr>
<th>Development Classification</th>
<th>% of Net Site Area</th>
<th>% NSA with Transfers</th>
<th>Allowable Density</th>
</tr>
</thead>
<tbody>
<tr>
<td>One or Two Family Residential</td>
<td>n/a</td>

<td>Multifamily Residential</td>
<td>20%</td>
<td>25%</td>
<td>n/a</td>
</tr>
<tr>
<td>Commercial</td>
<td>20%</td>
<td>25%</td>
<td>n/a</td>
</tr>
</tbody>
</table>

2. Single family or duplex development within a Water Quality Transition Zone may not exceed a density of one unit per three acres, exclusive of land within a 100-year floodplain, and must have a minimum lot size of 2 acres.

3. According to flood plain maps, there is no flood plain in or within close proximity of the project location.

4. The site is located within the endangered species survey area and must comply with the requirements of Chapter 25-8 Endangered Species in conjunction with subdivision and/or site plan process.

5. Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

6. Numerous trees will likely be impacted with a proposed development associated with this rezoning case. Please be aware that an approved rezoning status does not eliminate a proposed development’s requirements to meet the intent of the tree ordinances. If further explanation or specificity is needed, please contact the City Arborist at 974-1876. At this time, site specific information is unavailable regarding other vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

7. Under current watershed regulations, development or redevelopment on this site will be subject to providing structural sedimentation and filtration basins with increased capture volume and 2 year detention.

8. At this time, no information has been provided as to whether this property has any preexisting approvals which would preempt current water quality or Code requirements.

**CITY COUNCIL DATE:** May 24th, 2012

**ACTION:**

PHONE: 974-7691
Public Hearing Information

Due to the sensitive nature of the issue under consideration, this hearing has been classified as a "private" hearing. As such, only those individuals who have specifically requested to attend and have been granted special permission to do so may attend.

It is important to note that while this hearing is being held under the provisions of the open records/ transparency laws, the content of the meeting is not subject to the same disclosure requirements.

Participants are encouraged to submit written comments to the City Council prior to the meeting. These comments may be submitted in writing to the City Manager's Office or placed in the public comment box located on the back of the meeting room. Comments should be submitted at least ten days prior to the meeting date.

All comments will be considered by the City Council at their regular meeting following the public hearing.

Thank you for your interest and participation.
PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application’s hearing to a later date, or may evaluate the City staff’s recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

Comments: I do not support the additional traffic that would result from granting this request. Even now it is difficult to get in and out of our subdivision. Cars line up on the turn lane during rush hour from Dinner Park Road beyond the entrance to our subdivision. The traffic lowers the quality of our living experience.

Comments: I strongly oppose this re-zoning request.
Nearby tracts are already increasing the number of multi-family housing - MU-1B @ 246 apt. and 298 apt. @ MU-1B. This is in addition to the 500 unit Monterone apt. This parcel is zoned commercial and should remain commercial.
This tract can not feasibly support the additional 180 multi-family units Taylor Morrison intends to construct. Further, due to the critical water quality zone was granted based on the current zoning designation.
