LEGAL DESCRIPTION: Subdivision - UNIT 12 MIRA MONTE

I/We David Canabari on behalf of myself/ourselves as authorized agent for

Primrose Kitchen affirm that on April, 21, 2012

hereby apply for a hearing before the Board of Adjustment for consideration to:

(check appropriate items below)

___ ERECT ___ ATTACH ___ COMPLETE ___ REMODEL ☒ MAINTAIN

° REAR SUNROOM ENCROACHMENT INTO 10' REAR SETBACK 6.6 FROM REAR PL

° 41.5% FAR DUE TO SUNROOM ADDITION

° MAINTAIN 4557% ϕ IMPERVIOUS COVER OR 51% IC

in a SF 3 district.
(zoning district)

NOTE: The Board must determine the existence of, sufficiency of and weight of evidence supporting the findings described below. Therefore, you must complete each of the applicable Findings Statements as part of your application. Failure to do so may result in your application being rejected as incomplete. Please attach any additional support documents.

VARIANCE FINDINGS: I contend that my entitlement to the requested variance is based on the following findings (see page 5 of application for explanation of findings):

REASONABLE USE:

1. The zoning regulations applicable to the property do not allow for a reasonable use because:

ADDITION IS FOR A "SUNROOM" USE ONLY. THE PRIOR
OWNER BUILT SITE TO MAX IMPERVIOUS COVER. SUNROOM IS A REASONABLE USE IN SF3 ZONING.
FAR - FAR DID NOT APPLY AT TIME OF CONSTRUCTION (2004). RELOCATING UNIT TO SIDE YARD REDUCES
HARDSHIP: REAR YARD AREA.

2. (a) The hardship for which the variance is requested is unique to the property in that:

SUNROOM BUILT PRIOR TO MCMAHON/FAR REGULATIONS. SUNROOM IS ATTACHED, DEMO
REQ'D TO MEET AT REAR SETBACK. HOA PROHIBITS RUBBISH OR CG FIRE DRIVES/WALKWAYS.

- (b) The hardship is not general to the area in which the property is located because:

NO OTHER KNOWN ISSUES SIMILARLY FOUND IN NEIGHBORHOOD.

AREA CHARACTER:

3. The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

ADDITION IS NOT VISIBLE FROM STREET. DOES NOT INCREASE PARKING.

NO KNOWN OBSTRUCTIONS OR ADVERSE IMPACT TO SURROUNDING LOTS

PARKING: (Additional criteria for parking variances only.)

Request for a parking variance requires the Board to make additional findings. The Board may grant a variance to a regulation prescribed Section 479 of Chapter 25-6 with respect to the number of off-street parking spaces or loading facilities required if it makes findings of fact that the following additional circumstances also apply:

1. Neither present nor anticipated future traffic volumes generated by the use of the site or the uses of sites in the vicinity reasonable require strict or literal interpretation and enforcement of the specific regulation because:

2. The granting of this variance will not result in the parking or loading of vehicles on public streets in such a manner as to interfere with the free flow of traffic of the streets because:

3. The granting of this variance will not create a safety hazard or any other condition inconsistent with the objectives of this Ordinance because:

4. The variance will run with the use or uses to which it pertains and shall not run with the site because:

NOTE: The Board cannot grant a variance that would provide the applicant with a special privilege not enjoyed by others similarly situated or potentially similarly situated.
