To: Austin Planning Commission and City Council

As employees of HomeAway, Inc. and as city of Austin residents, we, the undersigned, request that the City of Austin affirm a homeowner's right to rent their property on a short term basis. Vacation rental properties are a respected and highly sought after lodging option for tourists and visitors to any city, and allow visitors to stay for longer periods of time while truly experiencing what it is like to live in that place.

Austin is the world headquarters for HomeAway, Inc. the largest vacation rental marketplace in the world employing more than 780 people. We are part of the 350 people HomeAway employs in the City of Austin. We live here, we work here, and we are a part of the fabric of this city. We are involved, caring members of our community, and the vacation rental industry is the source of our livelihoods. We are proud to call Austin home.

Our city is diverse and has many qualities that bring visitors from around the world. Austin consistently ranks as one of the top cities to visit and to live year after year. Each year the city welcomes thousands of tourists and business travelers to sample the unique culture and entertainment that makes our city great. Vacation rentals are, and should be, an important part of the tourism options the city has to offer. It is difficult for us to conceive of a world without vacation rentals. Please continue to allow vacation rentals as a travel option for visitors and a legitimate use of personal property for owners.

As employees of HomeAway, Inc. and as city of Austin residents, we, the undersigned, request that the City of Austin affirm a homeowner's right to rent their property on a short term basis. Vacation rental properties are a respected and highly sought after lodging option for tourists and visitors to any city, and allow visitors to stay for longer periods of time while truly experiencing what it is like to live in that place.

Austin is the world headquarters for HomeAway, Inc. the largest vacation rental marketplace in the world employing more than 1071 people. We are part of the 501 people HomeAway employs in the City of Austin. We live here, we work here, and we are a part of the fabric of this city. We are involved, caring members of our community, and the vacation rental industry is the source of our livelihoods. We are proud to call Austin home.

Our city is diverse and has many qualities that bring visitors from around the world. Austin consistently ranks as one of the top cities to visit and to live year after year. Each year the city welcomes thousands of tourists and business travelers to sample the unique culture and entertainment that makes our city great. Vacation rentals are, and should be, an important part of the tourism options the city has to offer. It is difficult for us to conceive of a world without vacation rentals. Please continue to allow vacation rentals as a travel option for visitors and a legitimate use of personal property for owners.
