The restrictions on parking in the front or side yard of residential properties were established in August 2002 and have been amended several times to add new neighborhoods. The parking restrictions prohibit a person from parking a motor vehicle in the front or side yard of a residential property except in a driveway or a paved parking space depicted on an approved plan. This ordinance applies only in those areas as shown on the Restricted Parking Area Map.

There are two ways a neighborhood association or neighborhood planning contact team may request that these parking restrictions apply to their area: (1) submit a request during the neighborhood planning process; or (2) submit an application during the open filing period in February.

The following neighborhood organizations submitted applications in February 2012 requesting that the restrictions on parking in the front or side yard of a residential property apply to their area: **Northeast Walnut Creek Neighborhood Association** and the **Stone Gate Neighborhood Association**.

This group has filed an application and satisfactorily met the notice and voting requirements as established by Ordinance 030717-131.

The Planning and Development Review Department (PDRD) recommends that the Restricted Parking Area Map be amended to include the above mentioned neighborhood planning areas.
