Additional Backup Information

Through a partnership with CapMetro, the City's Public Works Department provided a 10% match of \$50,000 for a \$550,000 federal grant for improved bicycle parking facilities at transit stops with the highest bicycle mode share. The first fully-enclosed bicycle cage will be constructed at the Kramer Lane Red Line Station. Five additional cages are planned for Highland Station, MLK, Jr. Station, Plaza Saltillo Station, South Congress Transit Center, and Tech Ridge Park & Ride.

This project is managed by the Public Works Department.
