Additional Backup Information

This contract will provide electronic security access, intrusion/fire alarm monitoring and maintenance, closed-circuit television (CCTV) equipment and maintenance, system installation, and upgrades for the Health and Human Services Department, Parks and Recreation Department, Austin Resource Recovery, and Municipal Court.

The systems will monitor the ingress into the buildings, burglar/intrusion, video surveillance, and the monitoring of the fire alarm systems.

This Contract will allow for system installation at new locations and removal of equipment at locations that are closing, as required to meet City business needs. New facilities will only be added to this contract after Communications and Technology Management has determined that the department needs cannot be met under the Enterprise Security Access System program.

The electronic monitoring systems and CCTV surveillance systems located in the current 53 City facilities is owned by Stanley Convergent Security Solutions, with the exception of the equipment located in the new animal center. Stanley does not allow other companies to monitor or support their proprietary systems.
