**OCTOBER 22, 2012**  
**NRD-2012-0116**

**East entry to the Sixth Street Historic District (Sixth Street and the IH-35 Southbound  
Frontage Road)  
Sixth Street**

**PROPOSAL**

---

Install a new gateway arch over Sixth Street at the eastern entry to the historic district (Sixth Street and the IH-35 Southbound Frontage Road).

**PROJECT SPECIFICATIONS**

---

The proposed arch will have square brick piers and will extend across the street. The principal section of the arch will be metal-framed with metal connectors and lettering reading "Sixth Street Historic District" and "Live Music Capitol [sic] of the World" under the curved section of the arch.

**STANDARDS FOR REVIEW**

---

The Sixth Street Architectural Design Guidelines do not address installations such as this.

**STAFF COMMENTS**

---

Other Texas cities, notably Galveston, Fort Worth, and Beaumont, have installed arches over the street at the gateways to their historic entertainment districts.

**STAFF RECOMMENDATION**

---

Staff cannot recommend approval of this proposal at this time without further information concerning the height, materials, colors, and lighting (if any) for the proposed arch.

# National Register Historic District Permit Application

Review for permits within an NRHD

Planning and Development Review Department  
Historic Preservation Office

Address of Property: Public ROW East 6th St. & south frontage road of IH-35
