

ZONING CHANGE REVIEW SHEET

CASE: C14-2012-0052 George Shia Zoning

P. C. DATE: 09/25/12, 10/09/12, 10/23/12

ADDRESS: 828 Houston St. & 5527 Sunshine Dr.

AREA: 2.12 acres

APPLICANT: George Shia

AGENT: Coats, Rose, Yale, Ryman & Lee
(John Joseph)

NHOOD PLAN AREA: Brentwood/Highland Combined

CAPITOL VIEW: No

T.I.A.: Yes

HILL COUNTRY ROADWAY: No

WATERSHED: Waller Creek

DESIRED DEVELOPMENT ZONE: Yes

ZONING FROM: SF-6-NP, Townhouse & Condominium, Neighborhood Plan & LO-MU-NP, Limited Office, Mixed Use, Neighborhood Plan.

ZONING TO: MF-5-NP, Multifamily Residence (High Density), Neighborhood Plan.

SUMMARY STAFF RECOMMENDATION:

The staff recommends MF-5-CO-NP, Multifamily Residence (High Density), Conditional Overlay, Neighborhood Plan. The Conditional Overlay would limit the number of units to three hundred eighty five (385). The applicant will also enter into a Restrictive Covenant that will include transportation improvement identified in the Traffic Impact Analysis.

PLANNING COMMISSION RECOMMENDATION:

The motion to deny staff's recommendation for MF-5-CO-NP combining district zoning, was approved by Commissioner Danette Chimenti's motion, Commissioner Myron Smith seconded the motion on a vote of 8-0. Hatfield absent.

DEPARTMENT COMMENTS:

The site is currently developed with a one story building and associated parking on the property that is zoned LO and a single family residence on the property that is zoned SF-6. The applicant is proposing to construct a 385 unit multi-family apartment complex. The applicant is requesting a zone change to multi-family residence (high density) or MF-5. There is MF-4 and MF-3 zoning to the north of this property and both properties are developed with multi-family apartment complexes. When the applicant requested MF-5, the staff evaluated the existing conditions and zoning in the area as well as the site development regulations associated with the MF-5 zoning district. The MF-5 site development regulations as are identical to MF-4 with the exception of Maximum Floor-to-Area-Ratio (FAR). The FAR for MF-4 is point seven five to one (0.75:1) while the FAR for MF-5 is one to one (1:1). In addition, Compatibility Standards triggered by the SF-3 zoning to the South and West will limit the height on property. The applicant submitted a Traffic Impact Analysis which recommended that access to Sunshine Drive be limited to emergency vehicles only. The Educational Impact Statement has indicated that "the existing permanent capacity at the schools will be able to accommodate the additional student population". A petition has been filed in opposition to this zone change request. The petition is valid at 24.89%.

BASIS FOR RECOMMENDATION:

1. *Zoning changes should promote compatibility with adjacent and nearby uses and should not result in detrimental impacts to the neighborhood character.*

Granting the requested zone change to MF-5-CO-NP is will be similar to the existing MF-4 and MF-3 in the area.

EXISTING ZONING AND LAND USES:

	ZONING	LAND USES
SITE	LO-MU-NP & SF-6-NP	Single family residence
NORTH	MF-3-NP	Multi-family
SOUTH	SF-3-NP	Single family
EAST	CS-MU-CO-NP	Office building
WEST	SF-3-NP	School

CASE HISTORIES:

CASE NUMBER	REQUEST	PLANNING COMMISSION	CITY COUNCIL
C14-05-0090	From P-NP to LR-MU-CO-NP	Approved LR-MU-CO-NP [Vote: 7-0]	Approved CS-1-CO-NP [Vote: 7-0]

NEIGHBORHOOD ORGANIZATION:

- North Austin Neighborhood Alliance
- Perry Neighborhood Assoc.
- Austin Neighborhoods Council
- Hancock Neighborhood Assn.

SCHOOLS:

Brentwood Elementary School, Lamar Middle School, McCallum High School

SITE PLAN:

Site plans will be required for any new development other than single-family or duplex residential.

Any development which occurs in an SF-6 or less restrictive zoning district which is located 540-feet or less from property in an SF-5 or more restrictive zoning district will be subject to compatibility development regulations.

Compatibility Standards

The site is subject to compatibility standards. Along the South property line, the following standards apply:

- No structure may be built within 25 feet of the property line.
- No structure in excess of two stories or 30 feet in height may be constructed within 50 feet of the property line.
- No structure in excess of three stories or 40 feet in height may be constructed within 100 feet of the property line.

- for a structure more than 100 feet but not more than 300 feet from property zoned SF-5 or more restrictive, 40 feet plus one foot for each 10 feet of distance in excess of 100 feet from the property zoned SF-5 or more restrictive.
- An intensive recreational use, including a swimming pool, tennis court, ball court, or playground, may not be constructed 50 feet or less from adjoining SF-3 property.
- A landscape area at least 15 feet in width is required along the property line if tract is zoned MF-3, MF-4, MF-5, MH, NO, or LO.

Additional design regulations will be enforced at the time a site plan is submitted.

TRANSPORTATION:

TR1. A traffic impact analysis has been received. Additional right-of-way, participation in roadway improvements, or limitations on development intensity may be recommended based on review of the TIA [LDC, Sec. 25-6-142]. Comments will be provided in a separate memo.

TR2. If the requested zoning is recommended for this site, 30 feet of right-of-way should be dedicated from the centerline of Houston Street in accordance with the Transportation Criteria Manual, in order to accommodate traffic anticipated to be generated by this site. LDC, 25-6-55; TCM, Tables 1-7, 1-12.

TR.3 Existing Street Characteristics:

Name	ROW	Pavement	Class	Sidewalk?	Bus Route?	Bike Route?
Houston Street	50	30	Local	Yes	No	No
Sunshine Drive	64	37	Collector	Yes	No	No

ENVIRONMENTAL:

1. The site is not located over the Edwards Aquifer Recharge Zone. The site is located in the Shoal Creek and Waller Creek Watersheds of the Colorado River Basin, which are classified as Urban Watersheds by Chapter 25-8 of the City's Land Development Code. It is in the Desired Development Zone.
2. Impervious cover is not limited in this watershed class; therefore the zoning district impervious cover limits will apply.
3. This site is required to provide on-site structural water quality controls (or payment in lieu of) for all development and/or redevelopment when 5,000 s.f. cumulative is exceeded, and detention for the two-year storm. At this time, no information has been provided as to whether this property has any pre-existing approvals which would preempt current water quality or Code requirements.
4. According to flood plain maps, there is no flood plain within the project area.
5. Numerous trees will likely be impacted with a proposed development associated with this rezoning case. Please be aware that an approved rezoning status does not eliminate a proposed development's requirements to meet the intent of the tree ordinances. If further explanation or specificity is needed, please contact the City Arborist at 974-1876. At this time, site specific information is unavailable regarding other vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

6. Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

Conceptual Site Plan

Conceptual Elevation --

Houston Street

Date: October 9, 2012
To: Clark Patterson, Case Manager
CC: Colby Wright, P.E., Jones & Carter, Inc.
Reference: North Lamar Boulevard, C14-2012-0052 through - 0054

The North Lamar Boulevard development is located on the northwest corner of North Lamar Boulevard and Houston Street, in Austin, Texas. The proposed development will consist of 385 apartment units and is anticipated to be completed by 2014. The existing property consists of two single-family residences, a 3,500 square foot medical office, and a 6,000 square foot law enforcement office.

Access to the development will be provided by three full purpose driveways: one on North Lamar Boulevard, one on Houston Street, and one on Sunshine Drive.

Transportation Review staff has reviewed the traffic impact analysis that was prepared for the North Lamar Boulevard site in May 2012 (amended September 2012), and offers the following comments:

TRIP GENERATION

Based on the standard trip generation rates established by the Institute of Transportation Engineers (ITE), the proposed development will generate approximately 2,560 unadjusted daily weekday trips. Of these, 436 trips will occur during the weekday peak-hour.

Table 1 below shows the trip generation by land use for the proposed development:

Table 1. Unadjusted Weekday Peak Hour Trip Generation

Land Use	Size	Weekday 24-Hour Two-Way Volume	Weekday AM Peak Hour		Weekday PM Peak Hour	
			Enter	Exit	Enter	Exit
Apartments	385 units	2,560	39	158	154	85

ASSUMPTIONS

1. Traffic growth rates for the area were determined using traffic counts conducted by Gram Traffic Inc, and from TxDOT and CAMPO projected daily volumes. Based on the available information, a 2 percent annual growth rate was applied to the study area roadways.
2. A five percent transit reduction was assumed for all site-generated trips. No reductions were taken for internal or pass-by trips.

Table 2 below shows the adjusted trip generation by land use for the proposed development.

Table 2. Adjusted Weekday Peak Hour Trip Generation

Land Use	Size	Weekday 24-Hour Two-Way Volume	Weekday AM Peak Hour		Weekday PM Peak Hour	
			Enter	Exit	Enter	Exit
Apartments	385 units	2,432	37	150	146	81

Table 3 below provides a summary of the area transportation system:

Table 3. Existing and Planned Roadways

Roadway	Segment	Classification	Future Improvements	Bike Plan?
North Lamar Blvd.	Justin to Guadalupe	MAD 4	MAD 6	Yes
West Koenig Lane	Loop 1 to N. Lamar	MAD 4	MAD 4	Yes
Houston Street	Sunshine Drive to N. Lamar	Local	--	No
Sunshine Drive	Houston Street to Koenig Lane	Local	--	No
North Loop Boulevard	Burnet to N. Lamar	MNR 4	MNR	Yes
Grover Avenue	47 th to Koenig Lane	Local	--	No

TRAFFIC ANALYSIS

The impact of site development traffic on the existing area roadways was analyzed. Two time periods and three travel conditions were evaluated:

- 2012 Existing Conditions
- 2014 Forecasted Conditions
- 2014 Forecasted Conditions with Site Generated Traffic

Intersection Level of Service (LOS)

The TIA analyzed 3 signalized intersections, 4 un-signalized intersections, and each of the site driveways. Table 4 shows the existing (2012) and projected (2014) levels of service results. The 2014 analysis assumes that all roadway and intersection improvement recommended in the TIA are constructed.

Table 4. Intersection Level of Service

Intersection	2012 Existing		2014 Forecasted		2014 Site + Forecasted	
	AM	PM	AM	PM	AM	PM
Signalized Intersections						
N. Lamar Blvd. at W. Loop Boulevard West	C	C	C	D	C	D
N. Lamar Blvd. at West Koenig Lane	E	E	E	F	E	F
West Koenig Lane at Grover Avenue	C	C	C	C	C	C
Un-Signalized Intersections						
N. Lamar Blvd. at Houston Street (EB)	B	B	B	B	B	B
West Koenig Lane at Sunshine Drive (NB)	C	B	C	B	C	B
Houston Street at Grover Avenue	B	B	B	B	B	B
Houston Street at Sunshine Avenue	B	A	B	A	B	A
N. Lamar Blvd. at Driveway 1 (EB)					D	C
Houston Street at Driveway 2 (SB)					B	B
Sunshine Drive at Driveway 3 (WB)					B	A

RECOMMENDATIONS

- 1) Prior to final reading of the zoning case, the applicant should post pro rata share for the estimated cost to install a traffic signal at the intersection of Houston Street and North Lamar Boulevard. The applicant should submit a cost estimate signed and sealed by an engineer to verify the amount required for posting. It is recommended that these improvements be implemented by the applicant to assure safer access and circulation for the apartment site.
- 2) To ensure safer access and circulation into the site, it is recommended that access to Sunshine Drive be restricted to emergency access only.
- 3) The owner will install stop signs and appropriate pavement markings for all site driveways.
- 4) All driveways shall comply with current City of Austin Type II Commercial Driveway standards and shall meet minimum requirements for driveway width; throat length,

driveway spacing, offset, and curb return radii. The owner will be responsible for obtaining permit approval for the driveways prior to site plan approval.

- 5) Development of this property should be limited to uses and intensities which will not exceed or vary from the projected traffic conditions assumed in the TIA, including peak hour trip generations, traffic distribution, roadway conditions, and other traffic related characteristics.

If you have any questions or require additional information, please contact me at 974-2628.

EDUCATIONAL IMPACT STATEMENT

Prepared for the City of Austin

Austin Independent
School District

IMPACT ON SCHOOLS

At the rate of 0.1 students per unit, the 385 unit multi-family development is projected to add approximately 39 students over all grade levels to the current projected student population. It is estimated that of the 39 students, 19 will be assigned to Brentwood Elementary School, nine to Lamar Middle School, and eleven to McCallum High School. The existing permanent capacity at the schools will be able to accommodate the additional student population.

Due to the high rate of transfers into McCallum, the school's current enrollment is 1,766 students, as compared with the current population of 1,343 students. Factoring in this migration rate onto the projected 5-year population with the proposed additional students from the development could bring the enrollment to 1,983 students, resulting in a percent of permanent capacity (by enrollment) to 124%. Assuming the school retains the number of portable classrooms currently on campus, the percent of functional capacity (by enrollment) would be 114%, which would accommodate the student enrollment increase.

TRANSPORTATION IMPACT

All three schools are within 2 miles of the proposed development; therefore students would not qualify for transportation unless a hazardous route condition was identified.

SAFETY IMPACT

There are no safety concerns identified at this time. Adequate sidewalks and bike paths are available in the area.

Date Prepared: September 11, 2012

Director's Signature: Paul Turner

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin's land development process, visit our website:

Comments: Again - Robyial previously
to this alleged change. There is
enough "high density multi family
housing" in the area. Too many
development occur in D & M & E
of these sites. I object to
further centralization of this
area which merely serves to
create less affordable housing. More
public and private use.

If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

Comments: Our neighborhood cannot support high density residential use... We already have heavy equipment (C.O.A.) and schoolbusses traveling down Sunshyne Drive, making our street heavily trafficked and dangerous. This use is better suited for a main road like Lamar or Burnet.

Comments:

The existing zoning is appropriate for both of these lots. There is a discrepancy between the project location and the proposed zoning change. SS27 is not SF-6, it is LO. Therefore, these are two zoning change requests, one from SF-6 to MF-5, and another from LO to MF-5.

PETITION

Case Number: **C14-2012-0052**

Date: 9/27/2012

Total Square Footage of Buffer:	466343.39
Percentage of Square Footage Owned by Petitioners Within Buffer:	22.84%

Calculation: The total square footage is calculated by taking the sum of the area of all TCAD Parcels with valid signatures including one-half of the adjacent right-of-way that fall within 200 feet of the subject tract. Parcels that do not fall within the 200 foot buffer are not used for calculation. When a parcel intersects the edge of the buffer, only the portion of the parcel that falls within the buffer is used. The area of the buffer does not include the subject tract.

PETITION

CASE#: C14-2012-0052

This product is for informational purposes and may not have been prepared for or be suitable for legal, engineering, or surveying purposes. It does not represent an on-the-ground survey and represents only the approximate relative location of property boundaries.

This product has been produced by CTM for the sole purpose of geographic reference. No warranty is made by the City of Austin regarding specific accuracy or completeness.

PETITION

Date: June 9, 2012

File Number: C14-2012-0052 (CP)

Address of Rezoning Request: 828, 836,
900 & 902 Houston Street

To: Austin City Council

We, the undersigned owners of property affected by the requested zoning change described in the referenced file, do hereby protest against any change of the Land Development Code which would zone the property to any classification other than SF-6. The existing zoning allows for increased density and development while protecting single family housing as part of the Brentwood Neighborhood Plan.

Gil Elsass – G&C Elsass Enterprises, LP
5838 Balcones Drive, Suite A
Austin, Texas 78731
512-431-8996

October 10, 2012

To Whom It May Concern:

I have attached a Certificate of Limited Partnership for G&C Elsass Enterprises, LP and a Corporate Authorization Resolution for Gil Can, Inc. Be it known that Gil Can, Inc. is the General Partner for G&C Elsass Enterprises, LP. I am the President of the Corporation that is the General Partner of the Limited Partnership. There are five partners which make up the Limited Partnership. My wife and I along with our three children.

G&C Elsass Enterprises, LP is a Limited Partnership that deals in Real Estate. One of our core holdings are the properties at 831 and 833 Houston Street, Austin, Tx 78756, where we lease to the business called Elsass Academy North Central which we also own.

Please let me know if you need anything else. I can be reached directly at 512-431-8996.

Sincerely,

Gilbert Elsass

Partner, G&C Elsass Enterprises, LP

President, Gil Can, Inc, General Partner of G&C Elsass Enterprises, LP.

CORPORATE AUTHORIZATION RESOLUTION **Gil Can, Inc.**

I, **Candace K Elsass**, the undersigned Secretary of **Gil Can, inc.** (the "Corporation"), hereby certify that:

The Corporation is duly organized and existing under the laws of the State of Texas, and the following is a true, accurate and compared transcript of the resolution contained in the minute book of the Corporation, duly adopted at a meeting of the Board of Directors of said Corporation duly held on the **Tenth day of October, 2012**, at which meeting there was present and acting throughout a quorum authorized to transact the business hereinafter described, and that the proceedings of said meeting were in accordance with the Charter and By-Laws of said Corporation and that said resolutions have not been amended or revoked and are in full force and effect.

Resolved, that **Gilbert R Elsass , President of the Corporation**, be and is hereby authorized and empowered to sign any and all documents, to take such steps, and do such other acts and things, on behalf of said Corporation, as in his judgment may be necessary, appropriate or desirable in connection with any Agreement entered into with the City of Austin affecting the following-described real property:

Address: 831 & 833 Houston Street, Austin, Tx 78756

Resolved, that any and all transactions with the City of Austin involving any Agreement affecting the above-referenced real property by any of the officers or representatives of the Corporation, in its name and for its account, prior to the adoption of these resolutions be, and they are hereby, ratified and approved for all purposes.

Witness my hand and the seal of the Corporation this the Tenth Day of October, 2012.

Candace K. Elsass

(Printed Name) Secretary

Candace K. Elsass

NOTE: CORPORATE AUTHORIZATION RESOLUTION must be attested and dated by Secretary no earlier than three months before Agreement date.

This instrument was acknowledged before me on this Tenth day of October, 2012.

A Guide for the Texas Independent Executor

CAUSE NO. C-1-PB-09 - 001497

Introduction:

This Court has appointed you to a position of great trust and confidence. It is a position that carries with it a considerable amount of responsibility. Your duties are not easy; however, you will find them less difficult if you are careful to heed the advice of your attorney. You should contact your attorney at any time you have questions concerning the handling of this estate. You should never attempt to handle the affairs of this estate without the guidance of your attorney. The following guide has been prepared by my office as a supplement to the information given to you by your attorney. It is only a supplement and not a substitute for his or her advice.

GUY HERMAN

Judge, Probate Court No. 1

Travis County, Texas

Administration:

The administration of an estate involves (1) gathering the assets of the person who died, (2) paying his or her debts, and (3) distributing the remaining assets to those entitled to them under the terms of the Will.

Your Qualifications:

You have been appointed to act on behalf of this estate. However, you are not qualified to act for this estate until you have taken the oath of office and filed any required bond. Your oath, if not taken at the hearing, should be taken no later than 20 days from the date the Court signed the order appointing you as Independent Executor. Generally, a bond is not required for an Independent Executor named in a Will. (A bond is an insurance policy that insures you meet your responsibilities under the Will and the Probate Code.) In the event either the Will or the Court requires a bond, the Court must approve the bond no later than 20 days from the date of the order appointing you. Your bond, if required, will have to be executed by an authorized corporate surety, and the amount of the bond will be that specified in the order making the appointment.

PETITION

Case Number: **C14-2012-0052**

Date: 9/27/2012

Total Square Footage of Buffer:	466343.39
Percentage of Square Footage Owned by Petitioners Within Buffer:	24.89%

Calculation: The total square footage is calculated by taking the sum of the area of all TCAD Parcels with valid signatures including one-half of the adjacent right-of-way that fall within 200 feet of the subject tract. Parcels that do not fall within the 200 foot buffer are not used for calculation. When a parcel intersects the edge of the buffer, only the portion of the parcel that falls within the buffer is used. The area of the buffer does not include the subject tract.

#	TCAD ID	Address	Owner	Signature	Petition Area	Percent
