## Additional Backup Information

On November 8, 2012, the City Council approved the 2013 assessment rate for the Austin Downtown Public Improvement District (at the rate of \$0.10 per \$100 valuation), and approved the proposed 2013 assessment roll (list of property owners subject to the assessment). The assessments paid by property owners funds the PID services.

State law requires the City Council to conduct a public hearing to consider the proposed assessments. Approval of the assessment rate and proposed roll on November 8, 2012 triggered notices being sent to property owners, giving them an opportunity to review the property valuations prior to the public hearing. Property owners have a statutory right to challenge the assessment placed on their property at the public hearing. Approval of the assessment roll ordinance is the final Council action required in the annual process of approving PID assessments.
