## Additional Backup Information

In 2008 the City entered into an interlocal agreement with the Texas Department of Transportation to participate in a "Schofflaw" program which involves withholding vehicle registration renewals on eligible delinquent cases in an effort to gain compliance. Eligible cases include delinquent traffic and red light camera cases. The cases are flagged to withhold renewal and then the hold is released when the case is resolved. Last year, 1,558 cases were flagged and 1,722 holds were released at a cost of about \$7,000. The Municipal Court estimates that \$130,476 in additional revenue was collected by the City as a result of this program.

The Texas Department of Motor Vehicles (TxDMV), took over the responsibility of regulating vehicle ownership and registration from the Department of Transportation in November 2009. The TxDMV has requested a new interlocal agreement with the City to continue the City's participation in the program.
