**Additional Backup Information**

In 2010 the City partnered with Travis County (County) and the Texas Department of Transportation (TXDOT) to build sidewalks and install a signalized intersection along RM 1826 and Slaughter Lane in an effort to provide a safe pedestrian route to Gorzycki Middle School. The City and County would again like to partner to continue the pedestrian route. This new sidewalk project will tie into the completed sidewalk at Summervale Drive and head north to the entrance of Seton Southwest Hospital. With the completion of the upcoming Highway 290 project, this will provide a continuous ADA pedestrian route along RM 1826 from Slaughter Lane to Highway 290.

For the purposes of cost efficiency, scheduling, and transportation planning, the County and City desire to combine the development and construction of their respective portions of the project. The City requests to enter into an agreement with Travis County for the design and construction of the pedestrian improvements. The City will provide funding for the costs of design and construction of the City portion of the project up to the amount of \$190,000; and the County shall provide funding for the design and construction of the County portion of the project up to the amount of \$60,000. Construction of the sidewalks will be completed by the City.

The project is located in zip codes 78749 and 78737, and is managed by the Public Works Department.
