

## A G E N D A

## Recommendation for Council Action

Austin City Council	Item ID	25115	Agenda Number	35.
---------------------	---------	-------	---------------	-----

Meeting Date:	6/27/2013	Department:	Fleet Services
---------------	-----------	-------------	----------------

## Subject

Authorize award and execution of an interlocal agreement with the LOWER COLORADO RIVER AUTHORITY (LCRA), Austin, TX, for a 12-month agreement to provide maintenance, repair, refurbishment, remounting, and testing services for the City's fleet of truck-mounted aerial devices in an amount not to exceed \$255,000, with four 12-month extension options in an amount not to exceed \$255,000 per extension option, for a total contract amount not to exceed \$1,275,000.

## Amount and Source of Funding

Funding in the amount of \$63,750 is available in the Fiscal Year 2012-2013 Operating Budget of the Fleet Services Department. Funding for the remaining 9 months of the original contract period and extension options is contingent upon available funding in future budgets.

## Fiscal Note

A fiscal note is not required.

## Additional Backup Information

This interlocal agreement will provide for a local, public, qualified service source to perform preventative maintenance, major detailed repairs and testing services on electrical utility equipment including aerial tower units used by various departments. The City does not have the equipment or manpower to perform these services internally due to the specialized nature involved in performing these services to this type of equipment. All aerial tower equipment must be tested after any major repairs to ensure that it is in safe operating condition.

The LCRA has the expertise and facilities required to perform electrical utility equipment maintenance, repair, and testing services. This contract is necessary to support Fleet Services with a reliable source to provide these services.
