Additional Backup Information

Approval of this schedule will allow for the necessary preparation of documents for presentation to Council on August 29, 2013 related to the sale of the debt to support prior year and 2013-2014 appropriations for capital projects.

The proposed bond sale for 2013-14 includes Public Improvement Bonds, Certificates of Obligation, and Contractual Obligations.

Public Improvement Bonds are secured by and payable from ad valorem taxes and require voter approval. The City generally uses these bonds to purchase land or make improvements to real property. The proposed Public Improvement Bond sale for 2013-14 is \$113,250,000.

Certificates of Obligation may be issued with or without voter approval. State law requires publication of a Notice of Intent to Issue Certificates. An election is required only if, before the Certificates are authorized by the City Council,

a petition is signed by at least 5% of the qualified voters of the City, protesting the issuance of the Certificates. The proposed projects to be financed with Certificates of Obligation total \$25,355,000.

AUG. 13 DEBT ISSUANCE	Principal	Interest	Total
New Proposed PIB's	2,985,000.00	4,530,000.00	7,515,000.00
New Proposed CO's	10,000.00	1,014,200.00	1,024,200.00
New Proposed KO's	<u>3,080,000.00</u>	<u>1,024,800.00</u>	<u>4,104,800.00</u>
	6,075,000.00	6,569,000.00	12,644,000.00

Contractual Obligations do not require voter approval and there is no provision in state law for notice or petition. Contractual Obligations may only be issued for the purchase of personal property. The City generally limits Contractual Obligations to property with a minimum life expectancy of 5 years. The proposed Contractual Obligation sale totals \$51,240,000.

This year's bond sale includes debt related to several reimbursement resolutions approved by Council during the 2011-12 fiscal year and prior. Reimbursement resolutions allow City projects to begin and allow the City to borrow against the investment pool until bonds relating to the project are sold. The use of reimbursement resolutions as a cash management tool is encouraged by the financial policies. Of the \$113,250,000 in Public Improvement Bonds that is being issued, \$113,250,000 is being issued to provide funding for reimbursement resolutions that have already been approved by Council. Of the \$25,355,000 in Certificates of Obligation that is being issued, \$25,355,000 is being issued to provide funding for reimbursement resolutions that have already been approved by Council. Of the \$51,240,000 in Contractual Obligations that is being issued, \$16,755,000 is being issued to provide funding for reimbursement resolutions that have already been approved by Council.

\$113,250,000 in Public Improvement Bonds and \$25,390,000 in Contractual Obligations will be issued as general obligation debt of the City paid from a tax levy. \$25,355,000 in Certificates of Obligation and \$25,850,000 in Contractual Obligations will be issued as general obligation debt of the City paid from transfers from the Departments' operating funds and a special project fund.

The debt service costs are estimated as follows:
