Late Backup

Address of Rezoning Request: 515 East Slaughter Lane Austin, TX 78744

To: Austin City Council

We, the undersigned owners of property affected by the requested zoning change described in the referenced file, do hereby protest against any change of the Land Development Code which would zone the property to any classification other than MF-2-CO.

The main concern for the objection is due to the impact it will have on traffic in our neighborhood, The Crossing at Onion Creek. At this point traffic has already increased due to the growing population around this area. In our neighborhood, Brents Elm Dr cuts through to Brandt Rd which connects to I35. Many residents around this area already use this route on a daily basis. Our neighborhood is filled with small children who ride their bikes and play on the sidewalks.

If this proposal does pass, we are requesting that Still Waters will not have access to Narrow Glen Parkway. Also, that additional green buffer space is added between the Crossing at Onion Creek and Still Waters. Thank you for your consideration in this matter.
