## Additional Backup Information

The Trail of Lights event team has been working with the City since the return of the Trail of Lights event to establish a long-sustainable plan for the Trail of Lights event. One of the critical steps was to create a stand-alone foundation to govern and oversee the mission of the Trail of Lights. The event team has successfully completed the preliminary steps required on time and this staff recommended action will allow the City to formalize an agreement with the Trail of Lights Foundation to co-sponsor the Trail of Lights event under the same terms as the agreement with the RunTex Foundation.
