Re: Feasibility of Moving Houses Located at 90, 92, 94 East Avenue and 709 Driskill,
Austin, Texas 78701

Dear Mr. Pike and Mr. Scott:

Per your request I visited the houses located at 90, 92 and 94 East Avenue and 709 Driskill to determine the feasibility of moving the houses to other possible locations within a 1-2 mile radius. In my opinion, due to the poor overall structural condition of the houses and specifically the poor condition of the foundations and framing structures, I do not believe the houses can be safely moved. Your best alternative may be to demolish the houses.

Thank you,

Junior Brown
