| Certain properties are currently prohibited from applying for temporary permits for outdoor events, depending on the zoning of the property. The proposed amendment would allow a property whose principal developed use is religious assembly, private primary educational facilities, private secondary educational facilities, public primary educational facilities, or public community recreation, to apply for a temporary use permit for outdoor assembly, regardless of zoning district. The number of events would be limited to four per year per property, at no more than two days per event. |   |         |       |                   |    |                          |
