Additional Backup Information				

The proposed acquisition is approximately 5.1739 acres with three (3) buildings totaling approximately 36,653 square feet, located at 7309 North Interstate Highway 35, in north central Austin, Travis County, Texas.

The approximate 5.1739 acre site falls within the City of Austin master plan for a series of efforts proposed in the Strategic Facilities and Logistics Roadmap.

The property located at 7211 North Interstate Highway 35 directly to the south of the proposed acquisition site is currently owned by the City of Austin. The site was purchased in 2008 to provide the citizens a municipal court facility. Given that the City owns the adjacent property, purchasing the additional site will allow the City the opportunity to consolidate facilities efficiently at one location. The additional 957 feet of frontage road along Blackson Street improves development potential.

The purchase price of \$2,900,000 is the current fair market value as determined by an independent third party appraiser.
