**C. DISCUSSION AND RECOMMENDATIONS ON APPLICATIONS FOR CERTIFICATES OF APPROPRIATENESS**

**1. C14H-2009-0015 – Gardner House**

**2418 Jarratt Avenue**

Construct a side addition.

**Speakers:** David Canciolosi, agent, and Paul DeGroot, architect.

**Committee Recommendations:** Use stucco on the addition; a belt course of another material is appropriate to give the addition texture and scale, but stucco will more definitively visually separate the addition from the historic house. The proposed second-story addition to the garage is acceptable.

2. **C14H-1990-0007 – Nelson Davis Warehouse**  
**117 W. 4<sup>th</sup> Street**

Remodel of the rooftop bar for Six.

**Speakers:** Scott Magic, Michael Hsu Architects, and Chris Ruhling, of Six Lounge.

**Committee Recommendations:** Lighting changes will be an improvement. Continue the plane of the deck in front of the elevator shaft. Provide additional elevations to show the open-ness of the proposed wood trellis over the deck and the screen for the mechanical equipment.

3. **LHD-2012-0024 – 4404 Avenue F (Hyde Park)**

New construction on vacant lot.

**Speaker:** Jason Williams, owner

**Committee Recommendations:** Approve as presented. Recommend staff verify if garage set back meets NCCD guidelines.

4. **C14H-1997-0008 - Norwood House**  
**1009 Edgecliff Terrace**

Restoration and rehabilitation of the house and grounds.

**Speaker:** Colleen Theriot, Norwood Park Foundation

**Committee Recommendations:** New elements should reference historic features, but in a more simple form. Plans for restoration and reconstruction of historic features, as well as new features within boundaries of "H" zoning will require HLC approval.

5. **C14H-1982-001-F – Larmour Block**  
**916 Congress Avenue**

Construct an addition to the rear of the 3<sup>rd</sup> story.

**No speakers. Case was not discussed.**

6. **LHD-2012-0030 – 4001 Avenue D (Hyde Park)**

Construct an addition.

**Speaker:** Cammi Klier, architect

**Committee Recommendations:** Provide documentation of existing framing conditions that indicate there were dormers historically to justify addition of new dormers on front roof slope.

7. **C14H-2009-0008 – Massey-Page House**  
**1305 Northwood Road**

Construct a wall; landscaping

**Speaker:** Robert Hicks, owner

**Committee Recommendations:** The proposed brick wall is too similar to the house; leave a space between the house and the wall to be filled in with a metal fencing section or gate to affect a distance between the house and the all. Extending the patio and repaving the front walkway with gray limestone pavers is acceptable as proposed.

**8. C14H-2001-0147 – Goodall-Wooten House  
1900 Rio Grande Street**

Landscaping, entry modifications; additions.

**Speakers:** Jay Colombo, Michael Hsu Architects; Michael Hsu

**Committee Recommendations:** Itemize the specific proposed changes to the house in the plan. The existing porte-cochere is not original and is not an accurate reconstruction – it can be removed and replaced with the proposed sleek canopy that will extend around the back of the building to the courtyard and pool area. All other aspects of the proposal are acceptable.
