SECOND/THIRD READING SUMMARY SHEET

ZONING CASE NUMBER: C14-2013-0064 (Limerick Center)

REQUEST:

Approve second/third readings of an ordinance amending Chapter 25-2 of the Austin City Code, zoning the property locally known as 12412 Limerick Avenue from NO, Neighborhood Office, district zoning to GO-MU-CO, General Office-Mixed Use-Conditional Overlay Combining, district zoning.

The ordinance reflects the conditions imposed by the City Council on 1st reading.

PROPERTY OWNER: First Networth Realty (Son Thai)

DEPARTMENT COMMENTS:

The site under consideration is currently developed with a single-family residence and a newly added office/commercial structure with a large paved area that fronts onto Limerick Avenue. The applicant is requesting General Office zoning because he would like to permit more/or larger signage on the property. There is currently a billboard type sign on the residential structure on the site for an insurance business (AMCO Insurance).

In 2009, the applicant requested LR, Neighborhood Commercial District, zoning for this property through zoning case C14-2009-0078. In March of 2010, the Zoning and Platting Commission recommended denial of the LR zoning and the applicant amended his rezoning request to GO, General Office District, zoning prior to the City Council public hearing. The City Council denied the request for GO zoning at this location on September 23, 2010 (Please see Case Histories below). Since that time, the applicant has built an additional 3,250 square foot structure with 21 parking spaces on the site. The property in question has had three red tags from Code Compliance regarding a lack of building permit, no certificate of occupancy and improper signage for a home occupation use on the site (Please see Attachment A). On October 21, 2013, the staff spoke to the applicant’s attorney, Tim Gideon, and he stated that all of the violations for this property have been cleared. The staff contacted the Code Compliance officer for this case, Carlos Longoria, to verify that the remaining illegal wall sign violation had been corrected. Mr. Longoria stated that this information was correct and that Mr. Thai’s tenant had pulled a sign permit for the wall sign and it got final inspection therefore the property is now in compliance and the case has been closed.

The staff recommends LO-MU-CO, Limited Office-Mixed Use-Conditional Overlay District, zoning because the subject tract meets the intent of the proposed zoning district as the LO district is the designation for an office use that serves neighborhood or community needs and that is located in or adjacent to residential neighborhoods. The property is located at the entrance to a single-family residential neighborhood, adjacent to residential homes and fronts onto/takes access to a residential street, Limerick Avenue. In addition, there is a precedent for LO-CO zoning to the north of this site, at the corner of Silver Spur (a local residential street) and West Parmer Lane.

As part of our recommendation, the staff considered prohibiting access to Limerick Avenue. However, this lot does not have enough frontage/length along Parmer Lane (less than 200 feet) to allow the applicant to request driveway access from TXDOT onto Parmer Lane. Parmer Lane is
a state maintained roadway (FM 734) that is planned to be expanded to an eight lanes to become an expressway in the future. The Transportation staff has stated in their comments that the Austin Metropolitan Area Transportation Plan calls for a total of 200 feet of right-of-way for West Parmer Lane. Reservation of 100 feet of right-of-way measured from the existing centerline of West Parmer Lane may be required at the time of site plan or subdivision approval for this property. The applicant has agreed to limit the intensity and uses for this development to 300 vehicle trips per day to avoid having to conduct a Neighborhood Traffic Analysis for this site.

The staff recommends adding MU, Mixed Use Combining District, to allow for more flexibility in the use of this property. The purpose of a mixed use combining district is to allow office, retail, commercial, and residential uses to be combined in a single development.

The applicant agrees with the City Council’s recommendation at 1st reading.

**DATE OF FIRST READING:** October 24, 2013

**ACTION:** Approved GO-MU-CO zoning, with Personal Services as only ‘GO’ district permitted use and all other ‘NO’ district uses and site development standards on 1st reading (6-1, K. Tovo-No).

**CITY COUNCIL DATE:** November 21, 2013

ZONING CHANGE REVIEW SHEET

CASE: C14-2013-0064 (Limerick Center)  
Z.A.P. DATE: August 6, 2013  
September 3, 2013  
September 17, 2013

ADDRESS: 12412 Limerick Avenue

APPLICANT/AGENT: First Networth Realty (Son Thai)

ZONING FROM: NO  
TO: GO  
AREA: 0.4345 acres (18,927 sq. ft.)

SUMMARY STAFF RECOMMENDATION:

The staff’s recommendation is to grant LO-MU-CO, Limited Office-Mixed Use-Conditional Overlay Combining District, zoning. The conditional overlay will limit development on the site to less than 300 vehicle trips per day [LDC, Sec. 25-6-114].

ZONING AND PLATTING COMMISSION RECOMMENDATION:

8/06/13: Postponed to September 3, 2013 at the applicant’s request (5-0, B. Baker & C. Banks-absent); G. Rojas-1st, S. Compton-2nd.

9/03/13: Postponed to September 17, 2013 at the applicant’s request (7-0); P. Seeger-1st, R. McDaniel-2nd.

9/17/13: Approved staff’s recommendation of LO-MU-CO zoning (6-0, J. Meeker-absent); G. Rojas-1st, R. McDaniel-2nd.

ISSUES:

On October 21, 2013, the staff spoke to the applicant’s attorney, Tim Gideon, and he stated that all of the violations for this property have been cleared. The staff contacted the Code Compliance officer for this case, Carlos Longoria, to verify that the remaining illegal wall sign violation had been corrected. Mr. Longoria stated that this information was correct and that Mr. Thai’s tenant had pulled a sign permit for the wall sign and it got final inspection therefore the property is now in compliance and the case has been closed.

DEPARTMENT COMMENTS:

The site under consideration is currently developed with a single-family residence and a newly added office/commercial structure with a large paved area that fronts onto Limerick Avenue. The applicant is requesting General Office zoning because he would like to permit more/or larger signage on the property. There is currently a billboard type sign on the residential structure on the site for an insurance business (AMCO Insurance).

In 2009, the applicant requested LR, Neighborhood Commercial District, zoning for this property through zoning case C14-2009-0078. In March of 2010, the Zoning and Platting Commission recommended denial of the LR zoning and the applicant amended his rezoning request to GO, General Office District, zoning prior to the City Council public hearing. The City Council denied the request for GO zoning at this location on September 23, 2010 (Please see Case Histories below).
Since that time, the applicant has built an additional 3,250 square foot structure with 21 parking spaces on the site. The property in question currently has three red tags from Code Compliance regarding a lack of building permit, no certificate of occupancy and improper signage for a home occupation use on the site (Please see Attachment A). The staff checked the AMANDA records system and as of September 18, 2013, there are still active violations listed for this property.

The staff recommends LO-MU-CO, Limited Office-Mixed Use-Conditional Overlay District, zoning because the subject tract meets the intent of the proposed zoning district as the LO district is the designation for an office use that serves neighborhood or community needs and that is located in or adjacent to residential neighborhoods. The property is located at the entrance to a single-family residential neighborhood, adjacent to residential homes and fronts onto/takes access to a residential street, Limerick Avenue. In addition, there is a precedent for LO-CO zoning to the north of this site, at the corner of Silver Spur (a local residential street) and West Parmer Lane.

As part of our recommendation, the staff considered prohibiting access to Limerick Avenue. However, this lot does not have enough frontage/length along Parmer Lane (less than 200 feet) to allow the applicant to request driveway access from TxDOT onto Parmer Lane. Parmer Lane is a state maintained roadway (FM 734) that is planned to be expanded to an eight lanes to become an expressway in the future. The Transportation staff has stated in their comments that the Austin Metropolitan Area Transportation Plan calls for a total of 200 feet of right-of-way for West Parmer Lane. Reservation of 100 feet of right-of-way measured from the existing centerline of West Parmer Lane may be required at the time of site plan or subdivision approval for this property. The applicant has agreed to limit the intensity and uses for this development to 300 vehicle trips per day to avoid having to conduct a Neighborhood Traffic Analysis for this site.

The staff recommends adding MU, Mixed Use Combining District, to allow for more flexibility in the use of this property. The purpose of a mixed use combining district is to allow office, retail, commercial, and residential uses to be combined in a single development.

The applicant does not agree with the staff's recommendation.

STAFF RECOMMENDATION

The staff’s recommendation is to grant LO-MU-CO, Limited Office-Mixed Use-Conditional Overlay Combining District, zoning. The conditional overlay will limit development on the site to less than 300 vehicle trips per day [LDC, Sec. 25-6-114].

BASIS FOR RECOMMENDATION

1. The proposed zoning should be consistent with the purpose statement of the district sought.

   Limited office (LO) district is the designation for an office use that serves neighborhood or community needs and that is located in or adjacent to residential neighborhoods. An office in an LO district may contain one or more different uses. Site development regulations and performance standards applicable to an LO district use are designed to ensure that the use is compatible and complementary in scale and appearance with the residential environment.

   The purpose of a mixed use (MU) combining district is to allow office, retail, commercial, and residential uses to be combined in a single development.

   The property in question is located at the entrance to a single-family residential neighborhood, adjacent to residential homes and fronts onto/takes access to a residential street, Limerick Avenue.

2. The proposed zoning will allow for a reasonable use of the property.

   The proposed LO-MU-CO zoning will allow for a reasonable use of this property because it will permit the applicant to utilize the existing structures on the site for a variety of office/mixed use options that will provide services to the surrounding single family residential neighborhoods to the north and south of W. Parmer Lane.

EXISTING CONDITIONS

Site Characteristics

The site is developed a single-family residence and a newly developed commercial structure. There are office uses to the north (vacant structure) and west (David Tucker, CPA) of this site fronting Parmer Lane. The lot to the east, across Limerick Avenue, is currently developed with a day care facility (Hebrew Academy) that fronts and takes access to Parmer Lane. The properties to the south of this site are developed with single-family residences.

Comprehensive Plan

The subject property is located on the southwest corner of W. Palmer Lane and Limerick Avenue. The property is not located within the boundaries of a neighborhood plan, is approximately .43 acres in size, and contains a house that has been converted into an office use. Surrounding land uses include an office to the north, single family housing to the south, a Hebrew school to the east, and a hair salon to the west. The commercial properties along W. Palmer Lane are zoned commercial, including this property. The proposed use is mixed use/office.

The Imagine Austin Growth Concept Map, found in the Imagine Austin Comprehensive Plan (IACP) identifies this section of W. Palmer Lane as an Activity Corridor. Activity corridors identify
locations for additional people and jobs above what currently exists on the ground. Corridors are intended to allow people to reside, work, shop, access services, people watch, recreate, and hang out without traveling far distances. They are characterized by a variety of activities and types of buildings located along the roadway — shopping, restaurants and cafés, parks, schools, single-family houses, apartments, public buildings, houses of worship, mixed-use buildings, and offices.

This property is also situated within the boundaries of the Barton Springs Contributing Zone, which is an area where runoff from precipitation flows to the recharge zone of an aquifer. Streams in the contributing zone flow downstream into the recharge zone and “contribute” water to the aquifer. One of the Land Use and Transportation policies, LUT P21 (p. 102), clarifies the intent, “Ensure that redevelopment in the Edwards Aquifer’s recharge and contributing zones maintains the quantity and quality of recharge of the aquifer.” The IACP supports redevelopment over the contributing zones of the Edwards and Barton Springs Aquifer but also requires that ‘state-of-the-art development practices’ be utilized, which respects the context of these environmentally sensitive lands.

The following Imagine Austin policies are taken from Chapter 4 of the IACP, which specifically discusses promoting growth along designated corridors and complete communities, and development environmentally sensitive land:

- **LUT P4.** Protect neighborhood character by directing growth to areas of change that includes designated redevelopment areas, corridors and infill sites. Recognize that different neighborhoods have different characteristics and new and infill development should be sensitive to the predominant character of these communities.

- **LUT P5.** Create healthy and family-friendly communities through development that includes a mix of land uses and housing types and affords realistic opportunities for transit, bicycle, and pedestrian travel and provides both community gathering spaces, parks and safe outdoor play areas for children.

- **LUT P7.** Encourage infill and redevelopment opportunities that place residential, work, and retail land uses in proximity to each other to maximize walking, bicycling, and transit opportunities.

- **LUT P22** Protect Austin’s natural resources and environmental systems by limiting land use and transportation development in sensitive environmental areas and preserving areas of open space.

- **N P1.** Create complete neighborhoods across Austin that have a mix of housing types and land uses, affordable housing and transportation options, and access to schools, retail, employment, community services, and parks and recreation options.

Based on the Imagine Austin Growth Concept Map that designates this property as being located along an ‘Activity Corridor’; the IACP policies referenced above that supports a mix of land uses, including mixed use and office along activity corridors; and surrounding commercial land uses along W. Palmer Lane, staff believes that the proposed residential use is consistent with the Imagine Austin Comprehensive Plan. However, while staff believes the proposed zone change is supportive the IACP’s vision of creating a compact and connected city of complete communities, the IACP requires that the property be redeveloped in a fashion that supports maintenance of the quantity and quality of recharge of the aquifer done via the enforcement of all environmental ordinances.
Environmental

The site is not located over the Edwards Aquifer Recharge Zone. The site is in the Desired Development Zone. The site is in the Walnut Creek Watershed of the Colorado River Basin, which is classified as a Suburban Watershed by Chapter 25-8 of the City’s Land Development Code.

According to floodplain maps there is no floodplain within or adjacent to the project boundary.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

Trees will likely be impacted with a proposed development associated with this rezoning case. Please be aware that an approved rezoning status does not eliminate a proposed development’s requirements to meet the intent of the tree ordinances. If further explanation or specificity is needed, please contact the City Arborist at 974-1876. At this time, site specific information is unavailable regarding other vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

Under current watershed regulations, development or redevelopment on this site will be subject to the following water quality control requirements:

- Structural controls: Sedimentation and filtration basins with increased capture volume and 2 year detention.

At this time, no information has been provided as to whether this property has any pre-existing approvals that preempt current water quality or Code requirements.

Impervious Cover

The maximum impervious cover allowed by the GO zoning district would be 80%. However, if the watershed impervious cover is more restrictive than the zoning district’s allowable impervious cover, the impervious cover is limited by the watershed regulations.

Under current watershed regulations, development or redevelopment on this site will be subject to the following impervious cover limits:

<table>

</tbody>
</table>

Site Plan

Site plans will be required for any new development other than single-family or duplex residential. There are no site plans currently in review for this property.

The site is subject to compatibility standards. Along the southern property line, the following standards apply:

- No structure may be built within 25 feet of the property line.
• No structure in excess of two stories or 30 feet in height may be constructed within 50 feet of the property line.
• No structure in excess of three stories or 40 feet in height may be constructed within 100 feet of the property line.
• No parking or driveways are allowed within 25 feet of the property line.
• A fence, berm, or dense vegetation must be provided to screen adjoining properties from views of parking, mechanical equipment, storage, and refuse collection.
• Any structure more than 100 feet but not more than 300 feet from property zoned SF-5 or more restrictive, 40 feet plus one foot for each 10 feet of distance in excess of 100 feet from the property zoned SF-5 or more restrictive.
• An intensive recreational use, including a swimming pool, tennis court, ball court, or playground, may not be constructed 50 feet or less from adjoining SF-3 property.
• A landscape area at least 25 feet in width is required along the property line if the tract is zoned LR, GO, GR, L, CS, CS-1, or CH.

Any redevelopment of the site will require compliance with 25-2 Subchapter E: Design Standards and Mixed Use. Additional design regulations will be enforced at the time a site plan is submitted.

**Stormwater Detention**

At the time a final subdivision plat, subdivision construction plans, or site plan is submitted, the developer must demonstrate that the proposed development will not result in additional identifiable flooding of other property. Any increase in stormwater runoff will be mitigated through on-site stormwater detention ponds, or participation in the City of Austin Regional Stormwater Management Program if available.

**Transportation**

The Austin Metropolitan Area Transportation Plan calls for a total of 200 feet of right-of-way for Parmer Lane (FM 734). TxDOT may request the reservation of additional right-of-way in accordance with the Transportation Plan when the site is redeveloped [LDC, Sec. 25-6-51 and 25-6-55].

A traffic impact analysis was not required for this case because the traffic generated by the proposed zoning does not exceed the threshold of 2,000 vehicle trips per day [LDC, 25-6-113].

A Neighborhood Traffic Analysis for Limerick Avenue was waived for this case because the applicant agreed to limit the intensity and uses for this development. If the zoning is granted, development should be limited through a conditional overlay to less than 300 trips per day [LDC, Sec. 25-6-114].

There are existing sidewalks along Parmer Lane.

There are no existing sidewalks along Limerick Avenue.

According to the Austin 2009 Bicycle Plan Update approved by Austin City Council in June, 2009, bicycle facilities are existing and/or recommended along the adjoining streets as follows: Parmer Lane serves route number 2 with a wide curb.

Capital Metro bus service (route number 142) is available along Parmer Lane.
Existing Street Characteristics:

**Water and Wastewater**

The landowner intends to serve the site with City of Austin water and wastewater utilities. The landowner, at own expense, will be responsible for providing any water and wastewater utility improvements, offsite main extensions, utility relocations and or abandonments required by the land use. The water and wastewater utility plan must be reviewed and approved by the Austin Water Utility for compliance with City criteria. Depending on the development plans submitted, water and or wastewater service extension requests may be required. All water and wastewater construction must be inspected by the City of Austin. The landowner must pay the City inspection fee with the utility construction. The landowner must pay the tap and impact fee once the landowner makes an application for a City of Austin water and wastewater utility tap permit.

RE: 12412 LIMERICK AVE 78758
Legally described as LOT 12A BLK B RESUB NO 1 OF PARMER LANE
HEIGHTS SEC 1 LESS .111AC (INTO ROW)
Zoned as NO
Parcel Number 0262161007

Dear Son H Thai:

An investigation by the City of Austin's Code Compliance Department was conducted relating to the property indicated above and violations of Austin City Code were found that require your immediate attention. An investigation report is enclosed which defines the code violation(s) found with required remedies for attaining compliance with the City Code.

After receipt of this notice, you may not sell, lease, or give away this property unless you have provided the buyer, lessee, or other transferee a copy of this notice, and provided the name and address of the buyer to the Building Official. Also, it is a misdemeanor to rent this property if the code violation(s) on this property pose a danger to the health, safety and welfare of the tenants.

If you have any questions, please contact me by telephone at 512-974-2191 between 7:30AM - 4:00PM. You may leave a voicemail message at any time.

Si usted tiene alguna pregunta, contácteme por favor por teléfono en 512-974-2191 de lunes a viernes o puede dejar un mensaje de correo vocal en cualquier momento.

Ownership Information

According to the applicable records of the County, you own the real property described in this notice. If you no longer own this property, you must execute an affidavit stating that you no longer own the property and stating the name with the last known address of the person who acquired the property from you. The affidavit must be delivered in person or by certified mail, return receipt requested, to our office not later than the 20th day after the date you receive this notice. If you do not submit an affidavit, it will be presumed that you own the property described in this notice, even if you do not.

An affidavit form is available at our office located at 1520 Rutherford Lane. An affidavit may be mailed to:
City of Austin  
Code Compliance Department  
P.O. Box 1088  
Austin, Texas 78767  

Additionally, if this property has other owner(s), please provide me with this information.

**Failure to Correct**

If a violation is not corrected, any existing site plan, permit, or certificate of occupancy may be suspended or revoked by the City. If the site plan, permit or certificate of occupancy is suspended or revoked, the utility service to this property may be disconnected.

If the violation continues, the City may take further legal action to prevent the unlawful action as authorized by State law and may seek civil injunctions or penalties in State court.

For dangerous or substandard buildings, the City may also take further action to require the vacation, relocation of occupants, securing, repair, removal or demolition of a building.

If the violations are not brought into compliance within the timeframes listed in the investigation report, criminal charges may be filed against you in the City of Austin Municipal Court subjecting you to fines of up to $2,000 per violation, per day.

**Complaints**

To register a complaint regarding a Code Compliance Department investigator, you may submit your complaint in writing no later than 3 days after receipt of this letter to:

City of Austin  
Code Compliance Department Manager  
P.O. Box 1088  
Austin, Texas 78767  

Sincerely,

Alphie Guillory, Code Compliance Insp C  
Code Compliance Department

INVESTIGATION REPORT

Investigator: Alphie Guillory
Case: CV-2012-080960
Address: 12412 LIMERICK AVE 78758
Zoned as NO

The item(s) listed below are in violation of the Austin City Code. A required remedy may be specified after a violation and may include a time period for compliance. If no required remedy is specified for a violation, the Required Remedy Summary will be in effect. For questions concerning residential property, please contact the Zoning Review Division at (512) 974-2380. For questions concerning commercial property, please contact the Development Assistance Center (DAC) at (512) 974-6370.

LAND USE

Code Section: Certificate of Occupancy (§25-1-361)
Description of Violation: A person may not use or occupy a structure unless the building official has issued a Certificate of Occupancy for the structure. There is no record of a Certificate of Occupancy for this structure's use.
Date Observed: August 3, 2012
Status: Not Cleared
Required Remedy: Discontinue business operation and remove all signs from the building.

Code Section: Certificate of Occupancy (§25-1-361)
Description of Violation: A person may not use, occupy, or change the existing use or occupancy of a structure unless the building official has issued a new Certificate of Occupancy for the structure. The Certificate of Occupancy does not reflect (description) as the current use or occupancy.
Date Observed: August 3, 2012
Status: Not Cleared
Required Remedy: Discontinue business operation in 1 day.

Code Section: Home Occupations (§25-2-900)
Description of Violation: A person is prohibited from advertising a home occupation through signs, billboards, television, radio, or newspaper.
Date Observed: August 3, 2012
Status: Not Cleared
Required Remedy: Remove all signs from the house including writing on the building in 1 day.

Required Remedy Summary

Building Permit Required ( Denied)
Cease operating a business from your resident in 1 day (Prohibited zoning).

NOTE: The time period(s) indicated in this summary reflect the total time allowed for compliance. A time period indicated in an individual violation’s required remedy is the actual time allowed for compliance of that individual violation. If no time period is indicated in an individual violation’s required remedy, the summary time period associated with the required remedy will be the time allowed for compliance.

Appeal

A person may appeal a Stop Work Order to the City of Austin’s Building Official. A written appeal must be filed no later than 3 days after the posting of the Order and contain:

• the name and address of the appellant;
• a statement of facts;
• the decision being appealed; and
• the reasons the decision should be set aside.
An appeal may be delivered in person to the Office of the Director of the Planning and Development Review Department located at 505 Barton Springs Road or mailed to:

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application’s hearing to a later date, or may evaluate the City staff’s recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin’s land development process, visit our website:

www.austintexas.gov

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the board or commission’s name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice.

Comments: I see no need for the
address at 12412 Limerick Ave
to re-zone to a General Office
given that all other businesses
located in that vicinity operate
neighborhood office. As a go, the
original housing could be greatly altered
and diminish surrounding property
values.

I am in favor

I object
