APPLICANT: Jim Bennett

OWNER: Ricardo Vega

ADDRESS: 3015 WESTLAKE DR

VARIANCE REQUESTED: The applicant has requested a variance to decrease the minimum shoreline setback requirement of Section 25-2-551 (D) (1) (a) from 75 feet to 5 feet in order to erect a single-family residence in an "LA", Lake Austin zoning district. GRANTED

The applicant has requested a variance to increase the maximum impervious coverage requirement of Section 25-2-551 (D) (3) (b) from 10 percent to 16.7 percent in order to erect a single-family residence in an "LA", Lake Austin zoning district. The Land Development Code states that impervious coverage may not exceed 10 percent on a slope with a gradient of more than 15 percent and not more than 25 percent. POSTPONED TO DEC 9, 2013

BOARD'S DECISION: The public hearing was closed on Board Member Bryan King motion to Grant the variance to decrease the minimum shoreline setback and Postpone the variance to increase the maximum impervious coverage to December 9, 2013, Board Member Michael Von Ohlen second on a 7-0 vote; GRANTED THE VARIANCE TO DECREASE THE MINIMUM SHORELINE SETBACK AND TO POSTPONED THE VARIANCE TO INCREASE THE MAXIMUM IMPERVIOUS COVERAGE TO DECEMBER 9, 2013.

FINDING:

- 1. The Zoning regulations applicable to the property do not allow for a reasonable use because: the man-made inlet is triggering the increase shoreline setback
- 2. (a) The hardship for which the variance is requested is unique to the property in that: there is an existing man-made inlet that serves only this and the adjacent lot, long narrow lot with a width of 99 ft, if the 75' shoreline setback is applied from the inlet

and along with the 5' setback from the interior side leaves a building width of oney 19ft.

- (b) The hardship is not general to the area in which the property is located because: this lot configuration and the adjacent man-made inlet are not general to the area
- 3. The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because: the surrounding neighbors support the variance and due to the lot size, topography and the placement of the structure the variances will not change the character of the agea

PUBLIC HEARING INFORMATION

Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During a public hearing, the board or commission may postpone or continue an application's hearing to a later date, or recommend approval or denial of the application. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

A board or commission's decision may be appealed by a person with standing to appeal, or an interested party that is identified as a person who can appeal the decision. The body holding a public hearing on an appeal will determine whether a person has standing to appeal the decision.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:

- delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (it may be delivered to the contact person listed on a notice); or
- appearing and speaking for the record at the public hearing;
 nd;
- occupies a primary residence that is within 500 feet of the subject property or proposed development;
 is the record owner of property within 500 feet of the subject property or proposed development; or
- is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

CASE # <u>C15-2013-0120</u> TB-012309-02-17 ROW-11026199

CITY OF AUSTIN

APPLICATION TO BOARD OF ADJUSTMENT
GENERAL VARIANCE/PARKING VARIANCE

WARNING: Filing of this appeal stops all affected construction activity.

PLEASE: APPLICATION MUST BE TYPED WITH ALL REQUESTED INFORMATION COMPLETED.

STREET ADDRESS: 3015 Westlake Drive					
LEGAL DESCRIPTION: Subdivision –					
Lot(s) 72 Block Outlot Division					
I Jim Bennett as authorized agent for <u>Ricardo Vega</u>					
affirm that on 9/27/13 hereby apply for a hearing before the Board of					
Adjustment for consideration to:					
ERECT - ATTACH - COMPLETE - REMODEL - MAINTAIN					
a single family dwelling providing a shoreline side yard setback of 5 ft.					
in a LA district.					

The Austin Electric Utility Department (Austin Energy) enforces electric easements and the setback requirements set forth in the Austin Utility Code, Electric Criteria Manual and National Electric Safety Code. The Board of Adjustment considers variance to the Land Development Code, and a variance granted by the Board of Adjustment does not waive the requirements enforced by Austin Energy. Please contact Christine Esparza with Austin Energy at 322-6112 before filing your application with the Board of Adjustment if your request is for a reduction in setbacks or height limits.

NOTE: The Board must determine the existence of, sufficiency of and weight of evidence supporting the findings described below. Therefore, you must complete each of the applicable Findings Statements as part of your application. Failure to do so may result in your application being rejected as incomplete. Please attach any additional support documents.

VARIANCE FINDINGS: I contend that my entitlement to the requested variance is based on the following findings

REASONABLE USE:

1. The zoning regulations applicable to the property do not allow for a reasonable use because:

The man made inlet is triggering the increase shoreline setback.

HARDSHIP:

2. (a) The hardship for which the variance is requested is unique to the property in that:

There is an existing man made inlet that serves only this and the adjacent lot. This lot is a long narrow lot with a width of 99 ft. If the 75' shoreline setback is applied from the inlet and along with the 5' setback from the interior side leaves a building width of only 19 ft. The impervious cover is less than allowed on slopes with a gradient of < 15% (21%) 35% is allowed, and the impervious cover on slopes with a gradient of >15% (16%) 10% is allowed. The overall impervious cover spread out over the 75,221 sq. ft. equals 37%. This is because of the long length of the site

The hardship is not general to the area in which the property is located because:

This lot configuration, and the adjacent man made inlet are not general to the area.

AREA CHARACTER:

3. The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

The surrounding neighbors support the variance and due to the lot size, topography and the placement of the structure the variances will not change the character of the area.

PARKING: (Additional criteria for parking variances only.)

Request for a parking variance requires the Board to make additional findings. The Board may grant a variance to a regulation prescribed Section 479 of Chapter 25-6 with respect to the number of off-street parking spaces or loading facilities required if it makes findings of fact that the following additional circumstances also apply:

1. Neither present nor anticipated future traffic volumes generated by the use of the site or the uses of sites in the vicinity reasonable require strict or literal interpretation and enforcement of the specific regulation because:

2.	The granting of this variance will not result in the parking or loading of vehicles on public streets in such a manner as to interfere with the free flow of traffic of the streets because:
3.	The granting of this variance will not create a safety hazard or any other condition inconsistent with the objectives of this Ordinance because:
4.	The variance will run with the use or uses to which it pertains and shall not run with the site because:
N	OTE: The Board cannot grant a variance that would provide the applicant with a special privilege not enjoyed by others similarly situated or potentially similarly situated.
