If approved, this resolution would be included as part of an application to be submitted by the developer, Villages at Ben White, LP, for the Villages at Ben White, a proposed affordable senior development on a 24.5-acre site at 6934 East Ben White Boulevard. A new family-oriented housing development is also planned for this site, and a similar but separate agenda item has the same type of request for a Council Resolution. Part of the financing for the development will come from a Private Activity Bonds issued by Austin Affordable PFC, Inc., a public facility corporation authorized under Section 303.002, Texas Local Government Code, and formed by the Austin Affordable Housing Corporation (AAHC), an affiliate of the Housing Authority of the City of Austin (HACA). The developer's request is for a resolution confirming that the Austin City Council has no objection to the application for Low Income Housing Tax Credits.
