____ Michael Von Ohlen
____ Will Schnier
____ Bryan King
____ Fred McGhee
____ Melissa Hawthorne
____ Sallie Burchett
____ Cathy French (SRB only)

APPLICANT: Jim Bennett

OWNER: Carajeon & Branch Archer

ADDRESS: 5219 TORTUGA TRL

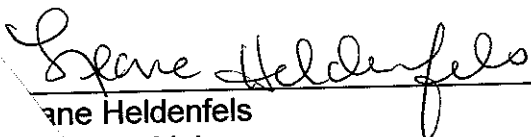

VARIANCE REQUESTED: The applicants have requested a variance from Section 25-2-1174 (D) which states a retaining wall, bulkhead, or other erosion protection device may not capture or recapture land on a lake, unless capturing or recapturing the land is required to restore the land to the lesser of: (1) the shoreline as it existed 10 years from the date of application, with documentation as prescribed by rule, or (2) the lakeside boundary of the subdivided lot line.

BOARD'S DECISION: POSTPONED TO MARCH 10, 2014

FINDING:

1. The Zoning regulations applicable to the property do not allow for a reasonable use because:
2. (a) The hardship for which the variance is requested is unique to the property in that:

(b) The hardship is not general to the area in which the property is located because:
3. The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

Re: 5219 Tortuga Trail (the "Application")

Dear Ms. Walker:

This firm represents and this letter is submitted on behalf of Jeff Swickard, the owner of the property located adjacent to the above referenced Application.

Mr. Swickard only found out about the variance request yesterday, after being contacted by one of his neighbors that the BOA notification signs were initially placed on his property. The signs were later moved to the correct lot.

Since Mr. Swickard will be out of town until March 2014, we respectfully request an eight week postponement to March 10, 2014 in order to allow him time to discuss the project with the Applicant.

Thank you for your time and consideration in this matter. If you have any questions, comments, or need additional information, please do not hesitate to contact me.

Sincerely,

Lynn Ann Carley, P.E.
Senior Land Development Consultant

C15-2014-0011

VARIANCE FINDINGS: I contend that my entitlement to the requested variance is based on the following findings

REASONABLE USE:

1. The zoning regulations applicable to the property do not allow for a reasonable use because:
2. **the owner of the property will be deprived from the use of his property in a similar manner as other property owners along the lake have been authorized, and obtained permit to do, Without a variance the owner cannot enjoy the use of his property.**

HARDSHIP:

2. (a) The hardship for which the variance is requested is unique to the property in that: A recent amendment to the process has occurred which makes the variance necessary in order to construct a bulkhead, back fill, and landscape this small area

. Without a variance a continued health and safety condition will continue to exist, and the owners will not be able to re-vegetate this small area.

The hardship is not general to the area in which the property is located because:

Many boatslips along the lake have been redeveloped under the previous ordinance.

AREA CHARACTER:

3. The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

The proposed redevelopment is to the rear of the property and the Lake Austin Ordinance severely restricts the improvements that maybe made in the shoreline setback,

PARKING: (Additional criteria for parking variances only.)

Request for a parking variance requires the Board to make additional findings. The Board may grant a variance to a regulation prescribed Section 479 of Chapter 25-6 with respect to the number of off-street parking spaces or loading facilities required if it makes findings of fact that the following additional circumstances also apply:

1. Neither present nor anticipated future traffic volumes generated by the use of the site or the uses of sites in the vicinity reasonable require strict or literal interpretation and enforcement of the specific regulation because:

LEGAL DESCRIPTION: Subdivision – T. J. Chambers .96 acre (C8i-2012-145)

Lot(s) .96 of 1 acre Block Outlot Division

I Jim Bennett as authorized agent for Carajean & Branch Archer

 affirm that on 12/4/13 hereby apply for a hearing before the Board of

Adjustment for consideration to:

ERECT – ATTACH – COMPLETE – REMODEL – MAINTAIN

To erect a bulkhead on an existing cut-in boat slip, back fill and re-vegetate

 in a LA district.
(zoning district)

The Austin Electric Utility Department (Austin Energy) enforces electric easements and the setback requirements set forth in the Austin Utility Code, Electric Criteria Manual and National Electric Safety Code. The Board of Adjustment considers variance to the Land Development Code, and a variance granted by the Board of Adjustment does not waive the requirements enforced by Austin Energy. Please contact Christine Esparza with Austin Energy at 322-6112 before filing your application with the Board of Adjustment if your request is for a reduction in setbacks or height limits.

NOTE: The Board must determine the existence of, sufficiency of and weight of evidence supporting the findings described below. Therefore, you must complete each of the applicable Findings Statements as part of your application. Failure to do so may result in your application being rejected as incomplete. Please attach any additional support documents.

VARIANCE FINDINGS: I contend that my entitlement to the requested variance is based on the following findings

REASONABLE USE:

The Board may grant a variance to a regulation prescribed Section 479 of Chapter 25-6 with respect to the number of off-street parking spaces or loading facilities required if it makes findings of fact that the following additional circumstances also apply:

1. Neither present nor anticipated future traffic volumes generated by the use of the site or the uses of sites in the vicinity reasonable require strict or literal interpretation and enforcement of the specific regulation because: _____

2. The granting of this variance will not result in the parking or loading of vehicles on public streets in such a manner as to interfere with the free flow of traffic of the streets because: _____

3. The granting of this variance will not create a safety hazard or any other condition inconsistent with the objectives of this Ordinance because:

4. The variance will run with the use or uses to which it pertains and shall not run with the site because:

NOTE: The Board cannot grant a variance that would provide the applicant with a special privilege not enjoyed by others similarly situated or potentially similarly situated.

Tax Parcel I.D. # 0131090208

Tax Map Date: 04/27/2009

The Planning & Development Review Department has determined that this parcel, as described in the attached description and map, **IS EXCEPTED FROM THE REQUIREMENT TO PLAT** in accordance with the Land Development Code, Section 25-4-2(C), and is eligible to receive utility service.

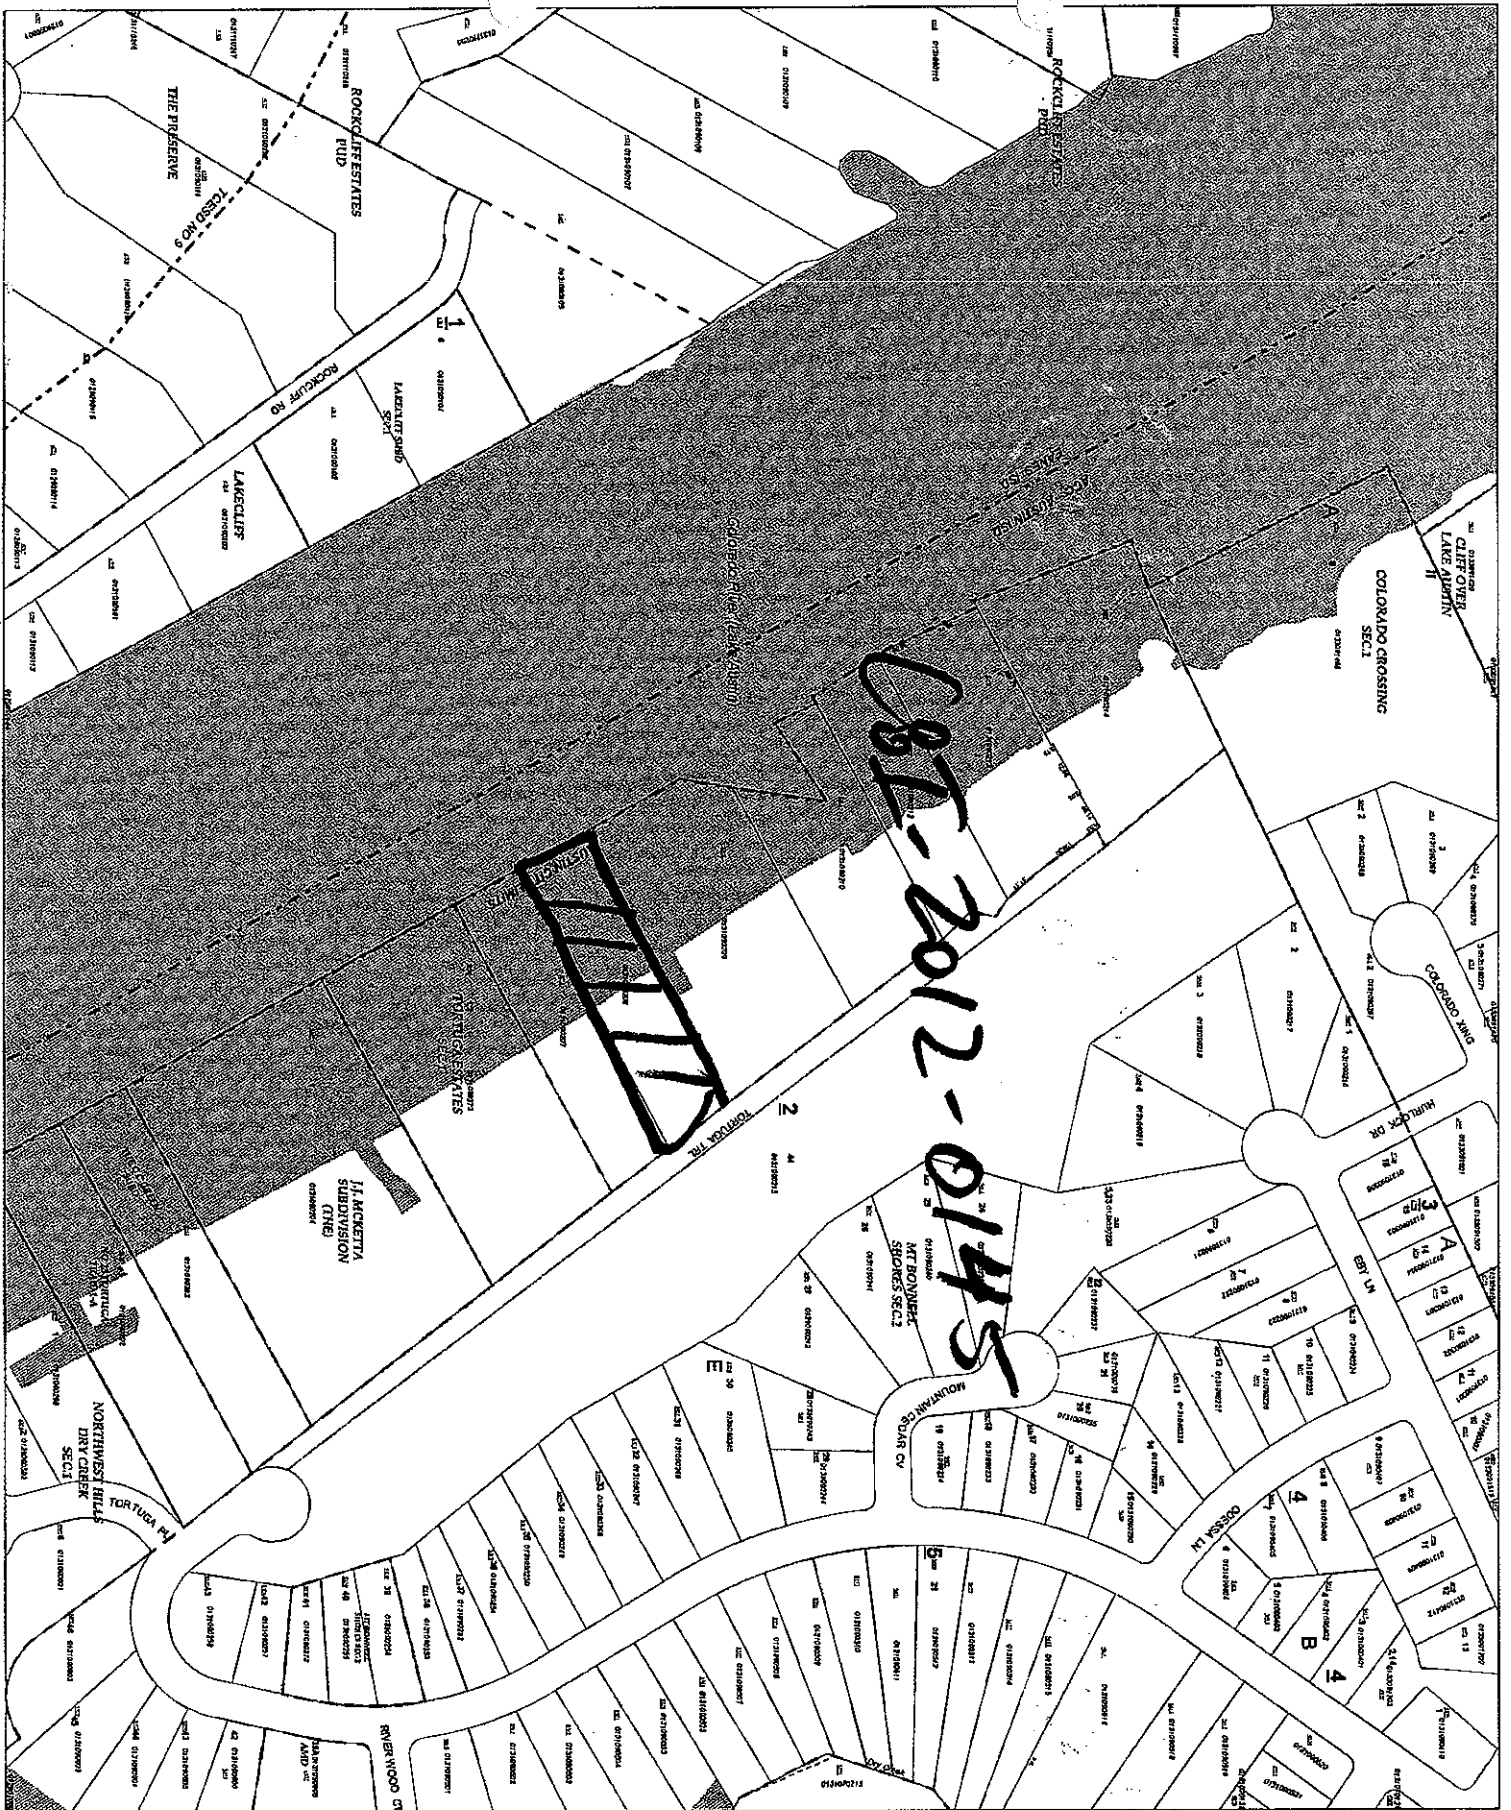

The parcel of land consists of five acres or less, and is described as being .96 of one acre of land, being a portion of the T.J. Chambers 8 League Grant in the current deed, recorded on Jan 07, 1963, in Volume 2565, Page 401, Travis County Deed Records. This parcel existed in its current configuration on August 31, 1987, as evidenced by a deed recorded on Jan 07, 1963, in Volume 2565, Page 401, Travis County Deed Records. The parcel was lawfully receiving utility service, as defined in Section 212.012 of the Texas Local Government Code, on August 31, 1987, as evidenced by electric service on Jun 02, 1978. The parcel meets the requirements of the Land Development Code for roadway frontage and is located on an existing street.

Additional Notes/Conditions:

See C8s-85-142 and C8-97-0098.0A for information regarding roadway status for Tortuga Trail. Approval of this request for a land status determination should not be construed to be an acceptance of Tortuga Trail for improvements or maintenance.

This determination of the status of the property is based on the application of Chapter 212, Municipal Regulation of Subdivisions and Property Development, Texas Local Government Code; and the City of Austin Land Development Code, Chapter 25-4, Subdivision. Recognition hereby does not imply approval of any other portion of the City Code or any other regulation.
