## Additional Backup Information

This ordinance grants AT&T CORP. (hereinafter "Licensee") a license for the continued placement of an underground fiber-optic communications cable and related underground facilities for long distance transmission service in the public rights-of-way within the specific areas shown on Exhibit A, replacing a prior expired license first granted to AT&T in 1985, as amended in 1988, then renewed and amended in 2000 and 2001. The license will run through October 8, 2023, with one optional three-year extension. AT&T will pay the City \$169,214.61 for the first year of the license from October 9, 2013 through October 8, 2014 with the payment increasing by 4% per year per linear foot in each succeeding year.
