CITY COUNCIL 5/1/14

Stuart Harry Hersh [REDACTED] 78704-2279

Item 42 – Please make sure that renters, small business people, and not-for-profit organizations are invited to the mitigation discussions since we knew nothing about this item being suggested for posting on your agenda.

Item 45 – Do not schedule public hearing on court penalties until you have had public hearing(s) and take action on possible code amendments related to the Code Compliance Resolution on Building and Standards Commission and expedited permits from Item 100 on your 10/3/13 agenda.

Item 47 - Make sure visitable ramp code provision posting language allows you to consider allowing ramps in all setbacks for new and existing single-family homes and duplexes and building permit exemption for ramps less than 30 inches above grade like we have in multi-family and commercial.
