WHEREAS, increasingly, digital engagement is a requirement to fully participate in many elements of society, including education, health care, civic engagement, job opportunities, and social connections; and

WHEREAS, the City of Austin vision includes every Austin resident having an opportunity to be fully engaged in our digital society and having access to and using digital and communications technology; and

WHEREAS, the City of Austin is uniquely positioned as the only city in the United States with three separate providers of gigabit internet service planned or in place and has many organizations situated to leverage this opportunity for innovation and digital inclusion; and
