Subject: Agenda Item #111 Request for Postponement

Dear Council Aides,

I'm writing on behalf of the Northwest Austin Civic Association, the neighborhood association, with boundaries between 2222, Spicewood Springs Road, Mopac and Loop 360. I've copied Deb Bailey, who is the interim President of the Balcones Civic Association, who shares boundaries with our neighborhood association on Spicewood Springs Rd.

I wrote the Case Manager, late last week on behalf of NWACA, to request a two week postponement on agenda item 111, the Overlook at Spicewood Springs Rd., until June 26th. We requested the postponement because our board meets on Wednesday, June 11th, and we wanted to survey our members regarding the rezoning and report our findings to council on the 26th.

I spoke to the applicant's agent, Scott Taylor, and he agreed to our request to a two week postponement. I understand this is a request the Council has to vote on but is routinely granted. I will be there this Thursday on behalf of NWACA, should there be any questions.

Since, we submitted our request, we have found out there are two parties who would like the request postponed until August 7th. I will contact every party that I'm aware of that is tracking this case to advise them of our request and of the other parties.

We will be prepared to share NWACA's position either council date.

Thanks for all you do,

Ann Denkler
