

ORDINANCE NO.

AN ORDINANCE AMENDING CITY CODE CHAPTER 15-6 RELATING TO
SOLID WASTE, RECYCLING, AND COMPOSTING REGULATIONS.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

PART 1. Section 15-6-1 (*Definitions*) of the City Code is amended to add definitions for
manager, premises, and responsible party as follows:

§ 15-6-1 DEFINITIONS.

In this chapter:

- (1) CODE COMPLIANCE means the Department of Code Compliance.
- (2) CODE COMPLIANCE DIRECTOR means the director of the Department
of Code Compliance.
- (3) COLLECTION SERVICE means scheduled collection and disposition of
solid waste and recyclables, or compostable materials.
- (4) COMPOSTABLE MATERIAL means organic material recovered,
collected, or otherwise diverted from the non-hazardous solid waste stream,
a substantial portion of which will decompose in a managed compost
operation.
- (5) COMPOSTING FACILITIES means an offsite facility holding all required
local, state, and federal authorizations where the organic component of
municipal solid waste is decomposed under controlled conditions for
purposes of beneficial reuse.
- (6) CONTAINER means a permanent collection receptacle made to collect and
contain solid waste.
- (7) DEPARTMENT means the Austin Resource Recovery Department.
- (8) DIRECTOR means the director of the Austin Resource Recovery
Department.

- (9) FACTORY DEMONSTRATION VEHICLE means a vehicle that meets the requirements of Section 15-6-72 and that a dealer provides to a licensee, as a prospective buyer, to operate and use for a period not to exceed 14 days.
- (10) HAULER has the same meaning as SERVICE PROVIDER.
- (11) HAZARDOUS WASTE means any solid waste identified or listed as a hazardous waste by the administrator of the United States Environmental Protection Agency in accordance with the federal Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act, 42 United States Code, §§ 6901 et seq.
- (12) LIQUID WASTE has the same meaning as the definition contained in 30 Tex. Admin. Code § 330.3.
- (13) MANAGER means a person who handles the day-to-day operations of a premises on behalf of an owner.
- (14) ~~[(13)]~~ MEDICAL WASTE has the same meaning as the definition contained in 30 Tex. Admin. Code § 330.3.
- (15) PREMISES means real property and any improvements on the real property.
- (16) ~~[(14)]~~ PRIVATE SOLID WASTE COLLECTION SERVICE means the business of collecting, removing, or transporting solid waste from any premises within the city by a person for a fee.
- (17) ~~[(15)]~~ RECYCLABLE [RSECYCLABLE] MATERIAL means non-hazardous material, including compostable material, that has been recovered or diverted from disposal in Municipal Solid Waste (MSW) facilities for purpose of reuse, recycling or reclamation and a substantial portion of which is consistently used in the manufacture of products, which may otherwise be produced using raw or virgin materials.
- (18) ~~[(16)]~~ RECYCLING means a process by which materials that have served their intended use or are scrapped, discarded, used, surplus, or obsolete are collected, separated, composted, or processed, and returned to use in the form of raw materials in the production of new products. The definition of recycling does not include waste-to-energy processes, placement in a disposal facility, or use as daily cover in a disposal facility.
- (19) RESPONSIBLE PARTY means: (i) the owner of a premises or an employee of the owner or (ii) the manager of a premises or an employee of the manager.

- 1 (20) [(47)] SERVICE PROVIDER means a person who is compensated for the
2 removal or transportation of solid waste, compostable material, or recyclable
3 material, for a fee, from any location within the City of Austin. Services that
4 are subject to State or Federal requirements related to the transportation of
5 medical or hazardous waste, including oil, liquids, or grease are excluded.
- 6 (21) [(48)] SOLID WASTE means rubbish, refuse, and other discarded
7 materials.
- 8 (22) [(49)] SOLID WASTE SERVICE means collection or disposal of solid
9 waste, collection or processing of recyclable material, litter abatement, street
10 cleaning, or household hazardous waste disposal.
- 11 (23) [(20)] WASTE-TO-ENERGY (WTE) means a process of generating
12 energy directly from materials through a process that yields fuel or heat.
13 WTE is not diversion, nor is it supported by the Department's Master Plan
14 but it is considered an alternative disposal technology that must include the
15 life-cycle effects on the environment.
