H-1 C15-2014-0059 Carolyn Aupperle for Lebarre Family LLC 3821 & 3823 Westlake Drive

The applicant has requested a variance to Section 25-2-1173 (D) of the Permit Required for Construction Regulations in Article 13, Docks, Bulkheads and Shoreline Access in order to construct more than 2 boat docks in an “LA”, Lake Austin zoning district.

The Land Development Code states that the director of the Planning and Development Review Department may not approve an application for a permit for the construction of more than two residential docks or other similar structures on a single lot zoned MF-1 or more restrictive, unless: 1) the lot was platted and recorded before August 26, 1976, and perpetual rights to use the water frontage of the lot were granted or conveyed to one or more owners of other lots in the subdivision before June 23, 1979; or 2) the Planning Commission has approved a site plan that clusters the residential docks on one or more lots in the subdivision.

I. BOARD OF ADJUSTMENT RECONSIDERATIONS

I-1 C15-2014-0052 Carolyn Aupperle for Manny Farahani 5221 Tortuga Trail

The applicants have requested a variance from Section 25-2-1174 (D), Article 13 Docks, Bulkhead, and Shoreline Access (*Structural Requirements*) to permit an existing cut-in boat slip to be filled in and the area re-vegetated in an “LA”, Lake Austin zoning district.

The Land Development Code states a retaining wall, bulkhead, or other erosion protection device may not capture or recapture land on a lake, unless capturing or recapturing the land is required to restore the land to the lesser of: (1) the shoreline as it existed 10 years from the date of application, with documentation as prescribed by rule, or (2) the lakeside boundary of the subdivided lot line.

**L-5 C15-2014-0065 Robert Turner
5201 Tortuga Trail**

The applicant has requested variances from Section 25-2-963 (B) and (C) of the Modification and Maintenance of Noncomplying Structures requirements in order to remodel an existing home, including removal of all exterior walls and raising the existing finished floor elevation by more than one foot in an “LA”, Lake Austin zoning district.

The Land Development Code states that (A) Except as provided in Subsections (B), (C), and (D) of this section, a person may modify or maintain a noncomplying structure.

(B) The following requirements must be met in order to modify, maintain, or alter a non-complying residential structure:

(1) Demolition or removal of walls must comply with the following requirements: (a) No more than fifty percent of exterior walls and supporting structural elements of the existing structure may be demolished or removed, including load bearing masonry walls, and in wood construction, studs, sole plate, and top plate. For purposes of this subsection, exterior walls and supporting structural elements are measured in linear feet and do not include the roof of the structure or interior or exterior finishes. (b) Replacement or repair of structural elements, including framing, is permitted if required by the building official to meet minimum health and safety requirements.

(2) Replacement or alteration of an original foundation may not change the finished floor elevation by more than one foot vertically, in either direction.

(4) If a noncomplying portion of a structure is demolished, it loses its noncomplying status and may only be rebuilt in compliance with current code.

(C) Except as provided in Subsections (E) and (F), a person may not modify or maintain a noncomplying structure in a manner that increases the degree to which the structure violates a requirement that caused the structure to be noncomplying.

The applicant has also requested a variance to Section 25-2, Subchapter F: Residential Design and Compatibility Standards, 2.2. Building Height of Article 2: Development Standards from 32 feet to 33.5 feet in order to remodel an existing home, including removal of all exterior walls and raising the existing finished floor elevation by more than one foot in an “LA”, Lake Austin zoning district.

The Land Development Code states that except where these regulations are superseded, the maximum height for development subject to this Subchapter is 32 feet. Section 25-2-531 (Height Limit Exceptions) does not apply to development subject to this Subchapter, except for a chimney, vent, antenna, or energy conservation or production equipment or feature not designed for occupancy. Building height shall be measured under the requirements defined in Section 3.4.
