Additional Backup Information				

A license agreement (LA# 573-1210) which included permanent aerial encroachments was negotiated and executed in 2013, prior to the passage of the ordinance which established a required process for the placement of permanent encroachments in right-of way under City Code Chapter 14-11, Article 1, Division 4 (*Permanent Encroachment of Public Right-of-Way*). As part of a current amendment to the license agreement, the developer has requested that the permanent aerial encroachments be re-classified under the encroachment agreement.

The subject property is the South Congress Hotel, which is being developed by SoCo ATX Investments, LLC, as a commercial mixed use site. The site plan for the project was approved, and a building permit was issued in 2013.

The appraised value for the aerial encroachments is \$7,084. A check in the amount of the appraised value has been submitted to the Office of Real Estate Services for processing upon approval of this encroachment request. City Code Section 14-11-51 requires City Council approval of any encroachment agreement entered into by the City.
