### Additional Backup Information

The Stonecreek Ranch annexation area (approximately 10 acres) is located in southern Travis County north of Slaughter Lane, approximately 2,100 feet east of the intersection of IH 35 South and Slaughter Lane. This area is currently in the City's extraterritorial jurisdiction and is adjacent to the City's full purpose jurisdiction on the southwest side of the tract. This area includes an existing single family home and outbuildings that will be removed as part of construction of the proposed 125-unit Ridge at Slaughter townhome project (SP-2013-0380C). The majority of the project is already in the City's full purpose jurisdiction and annexation will bring the remainder into the City limits so as to avoid having the City limit line cross through the middle of the project.
