Additional Backup Information				

This contract will allow the Fleet Services and Aviation Departments to continue to remove and properly recycle City-owned scrap tires from Fleet's Tire Shop and Aviation's Fleet Service Center. The Austin Resource Recovery Department will use this contract to recycle tires received from Austin residents during collection activities. The tires collected through this contract will help to divert these scrap tires from landfills to help the City towards meeting its Zero Waste Initiative.

Liberty Tire Recycling is registered with the Texas Commission on Environmental Quality as a transporter, scrap tire facility, storage facility, and processor. Contracting with them ensures that City scrap tires go directly to the final recycler and are recycled in an environmentally friendly manner. Liberty Tire Recycling shreds and grinds scrap tires into clean recycled rubber of various sizes to incorporate into advanced rubber-based products, such as artificial sports fields and tracks, rubber mulch, road asphalt, railroad ties, and auto parts.
