## Additional Backup Information

Council approved Ordinance No. 20141002-077 which granted certain floodplain variances for property located at 1010 West 10th Street on October 2, 2014. Due to a clerical error, an incorrect version of the ordinance was attached to the October 2, 2014 agenda. The amendments in this ordinance will correct the site plan application number, make reference to a two-story duplex instead of a multifamily building, and delete the reference to parking in the easement dedication since parking is under the building and therefore included in the footprint of the building.
