**ANALYSIS / ADDITIONAL INFORMATION:**

This item is related to a Purchasing item on the February 26th agenda for total management of dispatch, towing, and impound services for the Austin Police Department. This \$25 fee is being set by the City. However, the City will not receive any revenue from this fee as it will be collected by the vendor directly. The towing management company will charge this fee to vehicle owners when vehicles are retrieved. The fee is to offset the administrative costs related to management of the system. There is no impact to General Fund revenue from this item.
